ONE HUNDRED TWENTY FIRST SPRING COMMENCEMENT

SATURDAY, MAY 6, 2017

BEASLEY COLISEUM, WASHINGTON STATE UNIVERSITY
PULLMAN, WASHINGTON

COMMENCEMENT MISSION STATEMENT

Commencement at Washington State University represents the culmination of a student's academic achievement. It is a time for celebration and reflection for students, families, faculty, and staff. It brings together the campus community to share the joy of the accomplished goals of our students.

The commencement ceremony at Washington State University serves a dual purpose: to mark a point of achievement, thus completing a chapter in the lives of students and those who support them, and to encourage continued pursuit of learning, personal fulfillment, and engagement with local and worldwide communities.

Congratulations Graduates!

PRESIDENT,
WASHINGTON STATE UNIVERSITY

A LIFE-CHANGING MOMENT

Congratulations on reaching this milestone day! I know you've worked hard for this moment, and now I hope you'll take time to celebrate and savor your accomplishments.

Earning a college degree requires intellectual curiosity, effort, and self-sacrifice—traits that, beyond your academic studies, will open doors to now unimagined opportunities as you move on to the next chapter in your life.

Attaining success requires teamwork as well. You and your immediate team—your family, your friends, your professors—are immensely proud, as am I, of your achievements.

After you celebrate today's festivities, my fervent hope is that you'll cherish your moments at Washington State and resolve to stay connected to the Cougar family. As you well know by now, once a Coug, always a Coug. You can count on Cougs to support you throughout your professional and personal journey.

I'm delighted to have the opportunity to share this day with you. I wish you all the best in your future endeavors.

Go Cougs!

Kirk H. Schulz, President
Washington State University

BIOGRAPHY

Kirk Schulz became the 11th president of Washington State University and a tenured professor in the Gene and Linda Voiland School of Chemical Engineering in June 2016. Prior to joining WSU, he served seven years as president of Kansas State University, where he guided KSU to a number of significant achievements in research, enrollment, and fundraising. During nine years at Mississippi State University, Dr. Schulz served in a variety of administrative roles, including vice president for research and economic development. He also previously was a faculty member in the chemical engineering department at Michigan Technological University and the University of North Dakota.

President Schulz chairs the NCAA board of governors, the NCAA's highest-ranking committee. He is active in several professional societies, including the American Institute for Chemical Engineering (AICE) and the American Society for Engineering Education (ASEE). He is a fellow in both the ASEE and the American Association for the Advancement of Science.

DISTINGUISHED PROFESSOR
CHAIR, WSU FACULTY SENATE

Today is a very special day as we celebrate your successful completion of your undergraduate or graduate degree from WSU.

Each of you has forged your own path in working for your degree, which has taught you the importance of individual differences in one's education and development, and the need to be willing to adapt and change.

College is a time of great transition. You leave home, mature, learn new ideas, and meet new people. The skills you have acquired in the laboratory or the ideas in the lecture hall are not all that count for learning. This is what educators call *formal* learning, and you have had lots of that here. But college is also a robust place for intense and frequent *informal* learning. Discussing with friends outside of class, participating in social service projects, attending athletic contests, and socializing with others on the weekend are all opportunities where you can learn many valuable lessons beyond books, tests, or papers. If you studied abroad, you experienced and learned much about a new country and culture, and the new friends you made there make the world seem a smaller place.

Some of you may have known exactly what you wanted to do and took a direct path to your place here today. For others, your education here has taken you on several different paths along the way, until your journey revealed your true calling. This is what education is all about, and although the way can be difficult and filled with obstacles, overcoming them and succeeding is your true accomplishment.

So today is a time to reflect and to celebrate your good friends and experiences here at WSU inside and outside the classroom, and to celebrate your achievements with family and thank them for all their support over the years. None of us accomplishes a goal by ourselves, no matter how talented we are. We are all linked to each other, independent and dependent at the same time. Keep striking the balance between developing one's own capabilities and acknowledging that working with others can allow one to go even further and provide greater satisfaction.

Many congratulations to each and every one of you! You have made us proud, and Go Cougs!

A. G. Rud
Distinguished Professor
Chair, WSU Faculty Senate

Ray Acuña-Luna
CHAIR, ADMINISTRATIVE
PROFESSIONAL ADVISORY COUNCIL

Graduates, welcome to the best day of your life! Today, you join an elite group of individuals who have forged and continue to shape the world. As professional staff at WSU, the driving motivation in our work—and one that gives all of us great satisfaction—is your success. We know the effort you put into your academics, the late hours of studying, the tests, and the projects. You also gained friends for life, met professors who inspired you, and earned a degree from a university that will carry you as far as you wish to go. We feel proud and honored to have helped you and your fellow Cougars achieve that success.

My favorite educational philosopher, Paulo Freire, said:

[T]he more radical the person is, the more fully he or she enters into reality so that, knowing it better, he or she can transform it. This individual is not afraid to confront, to listen, to see the world unveiled. This person is not afraid to meet the people or to enter into a dialogue with them. This person does not consider himself or herself the proprietor of history or of all people, or the liberator of the oppressed; but he or she does commit himself or herself, within history, to fight at their side.

Graduates, the voiceless desperately cry out for help to a world that will not listen. Today, I am calling you to action. To never sit at the sidelines and be that radical person. With the privilege of having received a quality education at a top tier institution, you bear a responsibility to enact change and transform the world for the better.

We look forward to great things from you. You will always be part of the Cougar Nation, and we wish you the best of luck in all your endeavors. On behalf of the Administrative Professional Advisory Council, I salute your accomplishments. Vamos Cougs!

MELANIE THORNTON
GPSA PRESIDENT

To the Graduates of the Class of 2017,

On behalf of your student governments, the Associated Students of Washington State University, the Associated Students of Washington State University Global Campus, and the Graduate and Professional Student Association, CONGRATULATIONS on reaching this amazing milestone and graduating from Washington State University! It has been an honor to serve as your presidents at such a distinguished institution.

We want to take a moment and applaud you on reaching this remarkable accomplishment. You have worked long and hard to be sitting where you are today, so be proud of yourself! Remember the people in your life that helped you get here; please don't forget to acknowledge and thank those individuals who encouraged and supported your journey to this day. Commencement marks one of the most joyous landmarks in your academic journey, so please take a moment to acknowledge all of your hard work and dedication and reflect on the valuable degree you have just earned from one of the finest universities in the nation.

From here, we all go different ways. While you may feel as though you are being ejected into a world of uncertainty, we feel confident that your time here at Washington State University has equipped you to find your way through the challenges you will encounter in the months and years that lie ahead. You may realize it or not, but your time here has developed the resilient characteristics of a WSU Cougar. Be confident in that.

As you move forward on your next endeavors, remember Washington State University will always be your home. Remain engaged and become an active alumni the moment you leave campus. Stay connected with friends and faculty who impacted your experience here at Washington State University. Commencement represents both a completion and a new beginning. Once again, congratulations on the academic completion; ASWSU and GPSA wish you the best of luck moving forward. GO COUGS!

COMMENCEMENT 2017

Washington State University cordially welcomes all who have come to the Pullman campus for the one hundred twenty first annual Spring Commencement to honor the graduating class of 2017. To class members, the Class of 2017, the University would like to acknowledge your accomplishments and congratulate you all.

Commencement is the special occasion where students are recognized for their academic achievements. These achievements are reflected in their transcript, an official document certifying the completion of academic requirements. The culmination of a student's success at WSU comes with the arrival of their diploma, which is mailed after the ceremony.

The first WSU commencement ceremony, held on June 24, 1897, recognized a total of eight students. Today we honor more than 3,000 students from varying states, U.S. territories, and countries.

WSU enrolls 30,142 students statewide. This includes 17,527 undergraduates and 2,666 graduate and professional students learning at the Pullman campus, and 7,377 undergraduates and 2,572 graduate and professional students at the off campus locations of Everett, Spokane, Tri-Cities, Vancouver, and the Global Campus (online). WSU is also privileged to support 10,350 first generation college students in their academic journey. Washington State University is proud of a growing family of Cougar alumni and is honored to celebrate their achievements.

DISCLAIMER

The names of the degree recipients are called in random order as they approach the readers. Students will be viewed on big screens as their names are read.

Names in the Spring 2017 Commencement program include May 2017 graduate and undergraduate applicants and August 2017 undergraduates who applied by the May 2017 application deadline. **The program is not a listing of those attending the ceremony.**

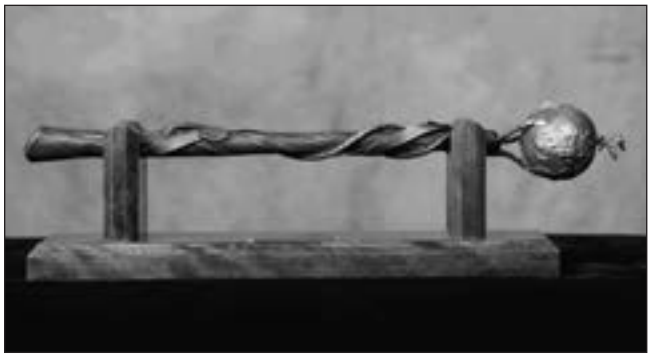
Appearance of a name in this program is presumptive evidence of graduation and graduation honors, but it must not in any sense be regarded as conclusive. Notation on the University transcript remains the official testimony of degree possession.

THE UNIVERSITY MACE

The University Mace, a traditional symbol of authority, will lead the processional today. The mace is carried by the chair of the Faculty Senate with an honor guard consisting of the presidents of the undergraduate and graduate and professional student associations. A. G. Rud carries it today, accompanied by Taylor Christenson, president of the Associated Students of WSU, and Melanie Thornton, president of the Graduate and Professional Student Association of WSU.

Created in 1985, the two-foot-long, nine-pound scepter is cast in silver and bronze and features a globe atop a laurel branch wrapped in a silver ribbon and inscribed with “Washington State University.” According to designer and craftsman Tim Doebler of WSU’s Department of Fine Arts, “the globe represents the universality of education and the quest for knowledge. Laurel crowns were presented to academicians by the ancient Greeks.”

The anvil is a symbol of forging and molding education, rather than forcing it upon students.



PHOTOGRAPHY COVERAGE

Photography and video will be available through Image Studios After Image Visual Services. Proofs will be mailed to each graduate’s permanent address and will also be posted online at gradphotos.biz/wsu. DVD video of the entire ceremony and individual digital video clips will also be available to order through the website or the mailed proofs. Phone: 509-332-0964, email: graduations@gmail.com, and mailing address: P.O. Box 8836 Moscow, Idaho 83843.

ACADEMIC REGALIA

Academic regalia arose through evolution and modification of the robes worn by medieval students, who were usually clerics in the cathedral schools and monasteries established by the church. As early as 1321, a medieval statute required that all doctors, licentiates, and bachelors wear academic gowns and hoods. Gowns were necessary for warmth in the unheated medieval buildings, and hoods may have been designed to cover tonsured heads. Today, immediately after receiving a charter, new institutions adopt a distinctive design for academic attire expressive of their individuality.

On May 26, 1895, a group of institutional representatives met at Columbia University to establish a uniform code for academic regalia in this country.

The approved academic attire for all graduates is composed of a cap and gown. For master's and doctoral graduates, a hood is included. The basic article of attire is the gown, usually black in color, and similar in design for all degrees with the sleeves being the principal indicator of degree level. Gowns for those graduating with a bachelor's degree have pointed sleeves; the sleeves on master's gowns arc away at the front; and doctoral gowns have round, bell-shaped sleeves. Bachelor's and master's gowns are untrimmed while doctoral gowns feature distinctive velvet facing down the front and three velvet bars on each sleeve.

The hood has become the colorful standard-bearer of academic symbolism. By examining the hood, an informed observer should be able to identify the degree level, the academic field of study in which the degree was earned, and the institution that conferred the degree. The hood is made of the same material as the gown. Hood length varies according to degree: bachelor's—three feet, master's—three and a half feet, and doctor's—four feet in length and has panels at the sides. The color or colors of the hood lining indicate the institution that conferred the degree (crimson and gray for WSU). The hood is trimmed or edged in a border of velvet either two, three, or five inches in width for the respective degrees. The border color represents the faculty or field of study in which the degree was awarded. At WSU, bachelor's degree candidates do not wear hoods.

The approved cap of the academic costume is the mortarboard or Oxford cap—a stiff board nine inches square, placed on a soft cap and joined in a pointed design in front and back. The color is always that of the gown and uniformly black for the four-year degrees. The use of velvet has been reserved for the cap of the doctoral degree. A silk cord with a tassel made of many threads is attached to a button in the center of the board.

A distinctive commencement rental gown for students earning Ph.D. and Ed.D. degrees debuted in spring 2012. The gown is crimson with gunmetal-gray velvet accents and a matching velvet tam. WSU is the only university with a custom rental gown. The purchased version of the custom gown is designed with a split hood, two silver WSU shield medallions holding the hood in place, two WSU medallion cuff links on each sleeve, and other embellishments.

ACADEMIC REGALIA

The committee of the American Council on Education on its "Academic Costume Code" states the following:

For all academic purposes—including trimming of doctor's gowns, edging of hoods, and tassels of caps—the colors associated with the different subjects are as follows:

Agriculture: Maize
Arts, Letters, Humanities: White
Commerce, Accountancy, Business: Drab
Dentistry: Lilac
Economics: Copper
Education: Light Blue
Engineering: Orange
Fine Arts including Architecture: Brown
Forestry: Russet
Journalism: Crimson
Law: Purple
Library Science: Lemon
Medicine: Green
Music: Pink
Nursing: Apricot
Oratory (Speech): Silver Gray
Pharmacy: Olive Green
Philosophy: Dark Blue
Physical Education: Sage Green
Public Administration, including Foreign Service: Peacock Blue
Public Health: Salmon Pink
Science: Golden Yellow
Social Work: Citron
Theology: Scarlet
Veterinary Medicine: Gray

TIMELINE OF MILESTONES

2014

The Board of Regents directs University leadership to pursue approval for an independently accredited medical school. The Washington State Legislature then votes to change a 1917 law limiting the delivery of medical education to the University of Washington, clearing the way for a WSU College of Medicine.

The College of Business is renamed the Carson College of Business, and the College of Engineering and Architecture is renamed the Voiland College of Engineering and Architecture. The names honor the lifetime contributions made by Scott and Linda Carson and Gene and Linda Voiland to those colleges, the University, and their respective industries.

The broadcast news building at the Edward R. Murrow College of Communication is dedicated to legendary sports broadcaster, journalist, and WSU alumnus Keith Jackson.

Notable guest speakers on the Pullman campus include Diane Nash—Freedom Rider and key architect of the 1960s civil rights movement—and Nikki Giovanni, world-renowned poet, writer, commentator, activist, and educator.

The first 23 students in the mechanical engineering program at WSU North Puget Sound at Everett receive their diplomas.

A team of WSU student interns spend the summer working in Darrington and Arlington, Washington, helping the communities recover from a devastating mudslide.

Smithsonian Magazine presents Michael Skinner, a WSU professor of biological sciences, with an American Ingenuity Award for his pioneering work in transgenerational epigenetics.

An engineering research team led by WSU professors develops the first fuel cell that can directly convert fuels—such as jet fuel or gasoline—to electricity. Their innovation could provide electric power for planes or cars in a dramatically more efficient way than current methods.

2015

Elson S. Floyd, Ph.D., WSU's 10th president, passes due to complications from cancer at age 59.

Washington Governor Jay Inslee signs into law a bill giving WSU the authority to create a medical school. The WSU Board of Regents honors the late President Floyd's leadership by naming the school the Elson S. Floyd College of Medicine. Dr. John Tomkowiak is named the college's inaugural dean.

The Campaign for Washington State University surpasses its $1 billion goal six months ahead of schedule. Among the gifts are the six largest commitments in WSU history. More than 206,250 individual donors and industry partners contribute.

WSU celebrates its 125th anniversary with events and advertisements statewide. A campaign called #CougsGive125 raises more than $300,000 in just 36 hours.

Renowned scholar and social justice activist Angela Davis, a public face of the '70s Black Power movement, speaks at the Pullman campus.

WSU Tri-Cities receives its largest single gift in history—$18 million from the Kadlec Regional Medical Center—to support the WSU Tri-Cities College of Nursing.

The PACCAR Environmental Technology Building—a $52.8 million, interdisciplinary clean technology laboratory on the Pullman campus—opens.

The Ste. Michelle Wine Estates WSU Wine Science Center opens on the WSU Tri-Cities campus. One of the most technologically advanced wine science centers in the world, it supports research and teaching to advance Washington's burgeoning wine industry.

WSU researchers discover how to stretch metal films used in flexible electronics to twice their size without breaking. The finding could lead to dramatic improvements in products such as bendable batteries, robotic skins, wearable monitoring devices and sensors, and connected fabrics.

The Daily Evergreen, WSU's student newspaper, wins the top award for overall excellence from the Columbia Scholastic Press Association, an international student press group.

2016

On March 25, the Board of Regents names Kirk Schulz, president of Kansas State University, the 11th president of Washington State University.

The Board of Regents honors the late President Elson S. Floyd with an honorary doctoral degree. The Regents name the new cultural building under construction on the Pullman campus the Elson S. Floyd Cultural Center, in recognition of Dr. Floyd's commitment to students, diversity, and social justice.

WSU launches the "Drive to 25," aiming to be recognized as one of the nation's top 25 public research universities by the year 2030.

WSU's Common Reading book for 2016–17 is *I Am Malala: The Story of the Girl Who Stood Up for Education and Was Shot by the Taliban*.

College of Pharmacy researchers discover a chemical in green tea that blocks rheumatoid arthritis pain without blocking other cellular functions, making it a possible alternative to costly drugs.

A WSU student team is among 16 worldwide chosen to participate in the U.S. Department of Energy's 2017 Solar Decathlon competition. Vying for $2 million in prize money, the students will design and build a 600- to 1,000-square-foot home that receives all of its energy from the sun.

Alaska Airlines powers a historic demonstration flight with 1,000 gallons of alternative biofuel produced by the WSU-led Northwest Advanced Renewables Alliance. The fuel is made from forest residuals—limbs and branches that remain after the harvesting of managed forests.

A team of two professors and an alumna coinvent a drug designed to improve cognitive and motor functions in people with Alzheimer's-like dementia and Parkinson's disease. The drug, which prompts new connections between brain cells, moves toward clinical trials.

Engineering students from WSU North Puget Sound at Everett form a Mars rover team and capture second place at the international University Rover Challenge.

A $32.3 million renovation of Troy Hall begins. The remodeled circa 1926 building will provide classroom and research space for chemical and environmental sciences.

A unique, multifunctional smart material that can change shape with heat or light and assemble and disassemble itself is developed by researchers from the WSU School of Mechanical and Materials Engineering and Oak Ridge National Laboratory.

WSU announces a record systemwide enrollment of 30,142 students for fall semester.

WSU celebrates the launch of a $15 million Museum of Art expansion, located on the site that played home to the WSU Police Department since 1963. WSUPD also celebrates moving into its new home—the $7.5 million Public Safety Building at Grimes Way and Olympia Avenue.

WSU creates a brand new apple variety called Cosmic Crisp™, notable for its excellent flavor, good texture, and superior storage.

Bioengineering students Emily Willard and Katherine Brandenstein design a product called SafeShot—a sterilizing cap that fits over the opening of a vaccine vial, decontaminating hypodermic needles. Their innovation could prevent millions of deaths from reused and infected needles. The students win the WSU Business Plan Competition and the University of Washington's Health Innovation Challenge, then launch a startup company to bring their product to market.

The Liaison Committee on Medical Education (LCME) grants the Elson S. Floyd College of Medicine preliminary accreditation, keeping the college on track to enroll its inaugural class of students in August 2017.

2017

The Northwest Commission on Colleges and Universities (NWCCU) grants accreditation to the Elson S. Floyd College of Medicine, allowing the college's doctor of medicine program to confer the M.D. degree.

The University issues a statement of support for international students and staff after an executive order bans citizens of seven countries from entering the United States.

A study by WSU chemists is recognized as one of the most influential published in 2016 in the *Journal of Materials Chemistry*. The chemists created new materials that pave the way for the development of inexpensive solar cells.

A new donor-funded program called Cougs Feeding Cougs ensures that students who run out of food money will not have to go hungry.

The Palouse Study Lounge opens in the Pullman campus's Terrell Library. It provides technology access, private rooms with glass walls, and moveable, comfortable furniture.

Three new vice presidents begin work at the University. Stacy Pearson, a senior administrator at Boise State University, steps into the role of vice president for Finance and Administration. Mary Jo Gonzales, a senior administrator with the University of Rhode Island, joins WSU as the vice president for Student Affairs. Phil Weiler of the University of Illinois at Chicago, prepares to lead WSU's marketing and communication.

An engineering research team improves a catalytic reaction used in the oil and gas industries to convert methane into electric power and other useful products. The discovery could lead to dramatic energy savings and reduced pollution.

On Saturday, May 6, 2017, one of the best groups of students in the history of Washington State University graduated during the annual Spring Commencement ceremony at Beasley Coliseum.

CELEBRATING THE

CLASS of 2017

ALMA MATER

Washington, my Washington,
the Crimson and the Gray!

'Tis the song of memory
that we sing today.

When the sad hours come to you
and sorrows 'round you play,

Just sing the songs of Washington,
the Crimson and the Gray!

Just sing the songs of Washington,
the Crimson and the Gray!
