

Ferry County Range Tour 2016

PROMOTING ECOLOGICAL, ECONOMIC, AND SOCIAL SUSTAINABILITY

June 16, 2016
Strandberg Ranch
Meet at Malo Grange

Farmer-to-farmer communication is one of the most effective ways to improve practices. And hearing from researchers actively investigating current concerns and production methods has been instrumental in revolutionizing agriculture over the last 100 years.

Join us at the Strandberg Ranch in Ferry County to share your knowledge and network with our speakers. We will start at the Strandberg Ranch and make our way into the Colville National Forest impacted by the Stickpin Fire.

Topics will include:

- Grazing best-practices and water quality.
- Grazing permits and impact of wildfire.
- Range recovery after wildfire activity.
- Impact of fire and range best-practices.
- Impact of wolves and depredation.

**For more information on the program, contact Trevor Lane,
WSU Ferry County Extension Director.**
