**Please securely attach (staple) Supplemental Animal Affidavit & Health Record to the original species specific Producers Affidavit and Health Record.**

Authors: Sarah M. Smith, Jean Smith, and Jan Busboom.

# Producer Affidavit & Health Record Instructions

This WSU Extension publication, *Supplemental Animal Affidavit and Health Record*, is designed to be used in addition to the species specific affidavit and health records; C1051E- *Producer Affidavit & Market Goat Health Record*, C1052E- *Producer Affidavit & Market Lamb Health Record*, C1053E- *Producer Affidavit & Dairy Heifer Health Record*, C1054E- *Producer Affidavit & Market Beef Health Record*, and C1055E- *Producer Affidavit & Market Swine Health Record*. These original publications are available free to download from WSU Extension Publications, [www.Pubs.wsu.edu](http://www.Pubs.wsu.edu), or at [www.animalag.wsu.edu](http://www.animalag.wsu.edu) under "Youth Producers". This supplemental form is suitable for youth producers raising their animals from birth or animals that suffer serious illness or injury that require additional record keeping entries for treatments or medicated feed. Please securely attach (staple) *Supplemental Animal Affidavit & Health Record* to the original species specific *Producer Affidavit & Health Record*.

**Step 1:** The information in the "Youth Producer" box should reflect the same information in the "Youth Producer" box that is on the species specific affidavit and health record, WSU publication C1051E, C1052E, C1053E, C1054E, or C1055E.

**Premise ID** is a unique seven digit number associated with an individual premises assigned through the voluntary National Animal Identification System (NAIS). The purpose of the NAIS is to locate exposed or infected animals in the event of an animal health emergency. To receive more information or sign up for your NAIS Premise ID # contact Washington State Dept. of Agriculture at 360-725-5493.

**Step 4:** Record feeds containing medications and their withdrawal time from last feeding. Do not use any feed that is not formulated for the specific species you are feeding.

Authors: Sarah M. Smith, Jean Smith, and Jan Busboom.

WSU Extension programs and employment are available to all without discrimination. Evidence of discrimination may be reported through your local WSU Extension Office.

**Step 2:** The information in the "Animal Identification" box should be the information that is in the "Animal Identification" box on the respective species specific affidavit and health record, WSU publication C1051E, C1052E, C1053E, C1054E, or C1055E. Record animal's fair ID # as they become available.

**Step 3:** Keep this step up-to-date during the ownership and care of your animal when using ANY animal health care products. Only list treatments administered while under your care. Do not list treatment given prior to purchase.

**WITHDRAWAL TIME:** The amount of time from the last treatment until the animal can be marketed for harvest. It is found under the "warning section" of the label.

**Step 5:** Securely attach supplemental form to original species specific form

**NOTE:** Many fairs and packing plants are requiring youth to verify health product and feed compliance and submit a signed affidavit to verify country of origin. You may not be able to sell project animals at the fair or livestock show if you do not accurately complete the project animal health record. Animals are randomly tested and trace-back audits are conducted to identify potential violations that may result in a monetary fine and/or criminal prosecution. Keep a copy of the health record for at least one (1) year after the sale or harvest of the animal.
