

**4-H Sensational Saturday
March 4, 2017
9:15 am - 2 pm
Community College in Colville
985 S. Elm**

18 USC 707

Class descriptions and other important info...

No registration is required.

Space for classes will be given on a first-come first-serve basis.

It's FREE to attend, but some workshops have a supply fee
that the instructor will collect during class.

Youth in grades K-12 are invited to attend classes throughout the day.
4-H members are encouraged to bring a friend. One adult chaperone is
required for every five youth attending.

Sensational Saturday Schedule—March 4

9:15 a.m. General Session in the Rendezvous Theatre

- Welcome and Flag Presentation
- Things to Know for the Day

Session #1: 9:30 a.m. to 10:15 a.m.

Dog and Cat Trivia Game, Room 151

Denna Balcom

Learn more about cats and dogs while actively participating in fun, hands-on games.

Marketing Meat Goats, Room 107

Amy Simmons

Understanding the meat goat. What makes the most desirable and marketable meat goat.

Proper fitting and showing of meat breeds.

Fun with Horses, Room 117

Andrew Minaker

For grades K-2.

Kids will make a fun horse craft while learning about horses.

#Selfie, Room 129

Jackie Poff

For ages 11 and up. Limited to 15 participants.

Bring your camera and learn techniques to create beautiful self-portraits.

Duct Tape Pens, Room 133

Ivy Nelson

Limited to 20 participants. Supply fee of \$1.

Come learn the art of duct tape by making a pen to take home.

Session #2: 10:20 a.m. to 11:05 a.m.

Cooking Commodities, Room 151

Debbie Harbin

Learn how to take a typical public presentation and combine it with a common ag commodity produced in WA State. Utilize a commodity to make a finished product and promote the commodity through a public presentation. Have a taste of the final product and get information on how to participate in this event at State Fair.

Keep Your Poultry Safe from Disease, Room 107

Dr. Brooke Lucas

Learn how to protect your flock from contagious diseases while at home or shows; the most common ways disease spread; signs of disease to watch for; and where to turn for help.

Foam Plate Stamping, Room 117

Shelly Todd

For grades K-2.

Make your own art project using a foam plate stamp you will design.

Mini Greenhouse, Room 129

Adena Sabins

Make and take your own mini greenhouse! Learn an easy germination method that can be started now. Bring your own seeds if you want to start something specific or use the seeds we have.

Duct Tape Pens, Room 133

Ivy Nelson

Limited to 20 participants. Supply fee of \$1.

Come learn the art of duct tape by making a pen to take home.

Session #3: 11:10 a.m. to 11:55 a.m.

Fundamentals of 4-H, Theater

What is 4-H all about and what can you do in 4-H?

12:00 p.m. to 12:30 p.m.
Lunch in the Kalispel Hall

Session #4: 12:35 p.m. to 1:20 p.m.

Judging—You Can Do It! Room 151

Jody Hoffman

Learn judging skills during this interactive class. There will be different kinds of items to judge in a game format with prizes!

Public Presentation Clinic, Theater

Continues to Session #5

Come and present your public presentation and get feedback from judges. Great opportunity to just watch and learn more about giving 4-H public presentations.

Youth for the Quality Care of Animals, Room 107

Paul Kuber

A new approach to Food Animal Education offering information through online and/or ILT modules covering food safety, animal welfare, and life skill development.

4-H Clover Craft, Room 117

Trish Miller

For grades K-2.

Make and take a 4-H Clover Craft, while learning about the 4 H's: Head, Heart, Hands, and Health.

Bits, Bridles, and Attire, Room 129

Dan Moriarty

Continued to Session #5

Learn about bits, bridles, and attire for the horse project.

Firewise, Room 133

Dana Bowers and Zach Beer

Participate in a hands-on Ember Experiment to learn about fire and fire safety.

Session #5: 1:25 p.m. to 2:10 p.m.

Bee Keeping Basics, Room 151

Aubrey Markel

Thinking about starting a 4-H project in bee keeping? Maybe you have always wanted to keep honey bees? This class will give you an introduction to the basics of backyard bee keeping, cost and needed equipment. We will have a live observation frame of bees and discuss the benefits of bee keeping.

Public Presentations, Theater

Continued from Session #4

Come and present your public presentation and get feedback from judges. Great opportunity to just watch and learn more about giving 4-H public presentations.

Veterinary Feed Directive, Room 107

Paul Kuber

How does this affect your food animal project? Recent changes in the Veterinary Feed Directive introduced in January 2017 have food animal producers asking many questions. The main one is how is this going to change access to medicated feeds and what does this mean for the future?

Thumbprint Dandelion Painting, Room 117

Sharon Schneider

For grades K-2.

Get a start on spring with this fun make and take spring craft.

Bits, Bridles, and Attire, Room 129

Dan Moriarty

Continued from Session #4

Learn about bits, bridles, and attire for the horse project.

Big Tree Contest, Room 133

Dana Bowers and Zach Beer

Robust Roots...learn tips about growing your tree for the Big Tree Contest. Also includes discussion on the rules and details of the contest. Trees will be handed out to participating clubs. Organizations must be preregistered to participate in the 2017 contest, but feel free to come learn more for future years.

Extension programs and employment are available to all without discrimination. Evidence of noncompliance may be reported through your local Extension office. Reasonable accommodations will be made for persons with disabilities and special needs who contact Shannon Rowley at sgordon@wsu.edu or 509.684.2888 at least two weeks prior to the event.
