MASON COUNTY BUSINESS TRAINING

Have you dreamed of having your own business? Or do you have a business you want to strengthen? There are three steps in this microenterprise training and loan program provided by Enterprise for Equity:

Information Sessions: **FREE TO THE PUBLIC**

Every person is different. Every idea is different. These orientations provide background information about the Planning Program, entrepreneurial support services, and to learn about eligibility requirements. It is also a time for us to gain some knowledge about prospective participants, answer questions and provide introductory materials.
