How to Fill Out and Use this Certificate

After completing the certificate online, print two copies— one white; one yellow. White – member's record; yellow – county Extension office record.

Use this certificate for as long as you have this dairy animal as a 4-H project. The first year, fill out the certificate and obtain proper signatures on both copies. If the same animal remains a project animal, return the white copy of this certificate to the county Extension office each year to meet certificate filing requirements.

4-H Member

This certificate is valuable. Keep it in a safe place. You may be asked to present it at 4-H fairs to identify your animal. At the end of the year, keep it in your record book as a permanent record. If you own your 4-H animal and it is registered, register it in your name. Be sure all items are filled out correctly and necessary signatures are included. Turn in completed certificate to your 4-H leader.

4-H Leader

At a club meeting early in the new 4-H year, show 4-H members how to fill out the certificate. Ask members to give talks and demonstrations on animal identification and registration. Ask a purebred breeder, DHIA tester, or others to talk about the need for animal identification. Have members return completed forms at a later meeting in time for you to sign them and send both copies to the county Extension office for signature by June 1, or 60 days prior to any 4-H dairy show.

Extension Educator

The first year, sign and date each certificate. Return the white copy to the 4-H leader. Keep yellow copy for county file. Each year thereafter, sign and date the white copy of each certificate returned by the 4-H leader. Sign and date the yellow (office) copy of the certificate and return to file.

Issued by Washington State University Extension and the U.S. Department of Agriculture in furtherance of the Acts of May 8 and June 30, 1914. WSU Extension programs and policies are consistent with federal and state laws and regulations on nondiscrimination regarding race, color, gender, national origin, religion, age, disability, and gender preference. Evidence of noncompliance may be reported through your local Extension office. Reprinted August 2002 Adapted for online use November 2004/JF. Subject code 811.E.
