### Priorities

A hundred years from now  
It will not matter  
What my bank account was,  
The sort of house I lived in,  
**Or the kind of car I drove...**  
But the world maybe different  
Because I was important  
In the life of a child.

-Forest Witcraft

(Witcraft was a Boy Scout administrator and this quote is usually attributed as "anonymous" because Witcraft's original quote had the word "boy" instead of child.

### The 4-H license plate is now available

Legislation to create a special 4-H license plate permits drivers to purchase the new plates for \$40.00 and \$30.00 for renewal in addition to the cost of standard license plates. **"The specialized 4-H license plates will be a wonderful way for current 4-H families as well as alumni and supporters to increase awareness about the 4-H program as they drive across town or across the state," said** Pat BoyEs, Director, 4-H Youth Development, WA State University Extension. The Department of Licensing will collect the fees and deposit funds after administrative expenses into the newly created 4-H programs account in the state treasury. Money raised will go toward activities to support the 90,000 youth served in the state. In February a group of 4-H stu-

## WSU Drug-free Policy Applies to Volunteers Too

Although Washington Initiative 502, which legalizes the possession of marijuana and ultimately its manufacture and sale, has gone into effect on, nothing has changed at Washington State University. I-502 prohibits the consumption of marijuana in public spaces and driving under the influence of marijuana.

So University officials have developed a question-and-answer piece designed to clarify WSU's approach to the new initiative. Please take a look: [http://wsu-](http://wsu-news.wsu.edu/pages/publications.asp)

[news.wsu.edu/pages/publications.asp](http://wsu-news.wsu.edu/pages/publications.asp)?

## Talking to Kids About Violence, Terrorism, and War

Kids ask tough questions particularly when it comes to understanding acts of violence, terrorism, and war. Given this, educators may find themselves in the unique position of engaging with kids about these very important issues.

In their day-to-day interactions, educators

have the unique opportunity to help kids understand current world events factually, to facilitate open and healthy discussions about how these events. For more information: <http://www.k12.wa.us/MilitaryKids.pubdocs/ToughTopicsMilitaryKids.pdf#violence>

## Burundi Project Challenge

by Mary Katherine Deen

I first visited Burundi in Feb., 2012. I volunteered for an organization there called THARS (Trauma Healing And Reconciliation Services <http://www.thars.org/>) that was founded in 2002 to help the Burundi people heal emotionally after a devastating civil war. One of the services that THARS provides is an afterschool program at 9 elementary schools in the Gitega, Burundi area. The children who attend are the children of parents who were killed or wounded in the civil war. The afterschool programs are designed to give the children a safe place to play and learn social skills. The kids like to play soccer (when they have balls) and the girls often form dance groups to perform traditional Burundian dances. What a better place for 4-H?

The schools have no electricity or plumbing. There are approximately 50 students in each class room and one book per subject. The teachers use the chalkboards when they have chalk which is rarely. I have thought about having pen

pals for this project but the kids do not have any technology and they are too poor to afford paper, pencils or stamps for the old-fashioned type of pen pals.'

To donate funds to help us provide soccer balls for these programs please send the [donation form](#) and your contribution to:

WA State 4-H Foundation  
2606 W. Pioneer, Puyallup, WA 98371-4998  
Make checks out to: Washington State 4-H Foundation re: Burundi

This is an excellent opportunity for our 4-Hers to learn about a developing country. It is important to help our 4-Hers understand that people around the world have gifts to share, although not always monetary. We hope to **gain as 'much from** the Burundian people as we explore our partnerships as they may gain from us.

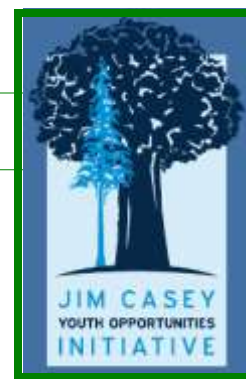

King County 4-H Association is donating \$200.00 for this project. They challenge all counties to meet or better their donation. [Click here](#) for photo of the youth you will be helping.

## The Case for 4-H for Foster Youth

Our former colleague Joan Vance, now of Vermont, has sent along the following link to the positive impacts we can have on the development youth who are in foster care:

## Club IRS Reporting

**Don't forget to do the IRS 990-N.** If you get an error screen, print the page and put it in your financial files so you can prove you tried to file them. This is going to be a serious problem this year. Hopefully by next year we will all be back into the sys-

tem and everything will be working properly. It won't let us log in with our **EIN's because we are all considered** not on the non-profit list while we go through this transition.

## Foreign Exchange Opportunity

There is a wonderful foreign exchange opportunity open to Washington state residents. 18 youth and 2 adult chaperones will participate in an American Youth Leadership Program with Samoa. This exchange program is sponsored by the U.S. Department of State, Bureau of Educational and Cultural Affairs and is administered by the University of Wyoming, 4-H Youth Development Program. The focus of

this trip will be on nutrition and food security issues that are common to the western U.S. and Samoa. For those chosen, there will be very minimal out of pocket expenses. Applications are due April 1, 2013.

For more information and details on this wonderful opportunity visit: <http://www.uwyo.edu/4-h/youth/travel/samoa/index.html>.

## 4-H Club Financial Procedures

Please be advised of the financial process of moving money through a club. If you have any questions, please contact Michelle

Recording Money Spent in Clubs/Councils or to incur debt in the name of the club/council

Step 1: Pre-authorization at club/council meeting-Preferred method

Ex: It has been moved and seconded to pay up to \$50 on the Achievement Night/Holiday Party for cake and supplies (cups, plates, etc). This will be recorded in the minutes of the meeting.

\*If you go over the allotted amount, move to step #2 to get approval to exceed spending limit. Be careful to select a dollar amount within reason.

Step 2: Executive Council/Officer Meeting (to include past President and current President, Vice President, Secretary and Treasurer) This should be done if #1 is not

possible (ex. In-between meetings).

Ex: We forgot to move to pay for achievement night/holiday party for the cake and supplies. Please vote yes/no to pay up to \$50 on the Achievement Night/Holiday Party for cake and supplies (cups, plates, etc). Follow up with a confirmation email if done by phone. If done by email, send a copy of the emails to Michelle Lain at the 4-H office. Record in next meetings minutes and include copies of emails.

Step 3: Club/Council President Approval-If #1 and #2 are not possible (last resort)

Ex: President, can the club/council buy cake and supplies up to \$50 for Achievement Night/Holiday party, I need to pay today! Follow up with a confirmation email if done by phone. If done by email, send a copy of the emails to Michelle Lain at the 4-H office. Record in next meetings minutes and include copies of emails.

## All Adults working with 4-H members must be Enrolled

If your parents or other helpers are working with youth other than their own children, then they need to become leaders and be cleared by the Washington State Patrol for the safety of the kids. Also, this is what provides 4-H insurance to the adults in our program (if they were to get hurt doing 4-H activities). This is a critical piece for some families that may not have other insurance.

There are different levels of leadership within the program, with activity and project leaders being the most popular. The lowest level is the activity leader. They would not have to do new leader training, although I would highly recommend that they do just so that everyone is on the same page. This would be a mom, dad, or

helper that loves doing fundraisers, movie parties, caroling, "fair moms or dads", or other single-type events. There are also project leaders. These people play a more integral role in your club, and they are often leading instruction or used as a strong resource for knowledge in a particular area. The project leaders will need to go through new leader training.

I can put together a packet of forms for you to take to your next meeting if that is convenient for your club. I am available come out to your club and do new leader training so it is easier to get everyone together. I have done this with other clubs, during a meeting, or the kids have a movie night, and it works very well. Please let me know how many forms you think you might need, or if you have any questions.

## Club Financial Reporting

**1.) Don't forget, financial end of the year reports are due January 31<sup>st</sup>.** Your club cannot be renewed without this and we have many clubs re-enrollments here waiting for their financial report! For new forms, please contact Mary Ellen. After January 31<sup>st</sup>, clubs will no longer be getting notifications of any kind (meetings, newsletters, opportunities...) and your club is not in compliance for the use of the 4-H

name and emblem. Please get the form turned in now!

2.) If you have not completed the IRS Non-profit application packet (started in 2011), please contact Michelle or Mary Ellen to get a copy. As of this moment, we are all in the not compliant non-profit status. If you have a sponsor/donor that requires a non-profit number, contact Michelle.

## New Leader Training Will Come to You!
