Total number of samples shipped for this case: _____

Original accompanies shipment; copy to the Registries for Registrant file.

- Histopathological slides (identified and labeled individually with origin) of each specimen (except bone) are requested along with tissue blocks and a final autopsy report.
- The Registries also request that all frozen autopsy specimens, slides, autopsy report, copy of this worksheet and billing by any hospital and/or pathologist treating a Registrant be sent to the following address: **United States Transuranium and Uranium Registries, Washington State University, 1845 Terminal Drive, Suite 201, Richland, WA 99354**. The Registries can be contacted at (800)375-9317 or (509)946-6870.
- The Registries reserve the right to reject any Registrant that is or is suspected of being HIV, HBV, or HCV positive. The welfare of the Registry staff is paramount. This policy applies to any donor diagnosed with a serious contagious disease.
