Community Organizing For Health Equity

This one credit course will equip student leaders with the tools they need to organize to address the social justice and health equity issues they care about on campus and in the community. Students are drawn from across health professional programs providing a setting for inter-professional collaboration and shared learning.

This class is open to students from Gonzaga, EWU, WSU, UW

Fall 2019, Tuesdays 5:30-7:30 Sept 17th – Nov 5th
