

# SPRING 2018 3 CREDIT ELECTIVE PLAN AHEAD CLASS SIZE LIMITED

Be prepared to serve Native American populations with new knowledge of historical and contemporary topics in Native American culture and health.

## Instructors and Topics

Guest speakers and instructors discuss: Understanding Sovereignty, Indian Health Policy, Historical Trauma, Traditional Foods, Integration of traditional and Western Medicine, and more. There is a focus on our local Plateau tribes and a clinical experience! Instructors arrange clinical experiences with tribal partners near campus locations.

## Students

This 3 credit class is open to a limited number of undergraduate and graduate students from all majors/programs.

## N478/N578 PLATEAU TRIBES: CULTURE & HEALTH

## Class Dates and Times TBA

Clinical experience includes visits to area clinic sites, service, and partaking in local gathering traditions.
