Cybersecurity Panel

Why everyone should care about cybersecurity and what are SEL's best practices?

Thursday, September 16, 2021

3:30 PM - 4:30 PM

M.G. Carey Senior Ballroom, Compton Union Building

Live Streaming Available

Thursday, September 16, 2021

Ransomware, data breaches, and identity theft are all making headlines, but what does it all mean? How does it impact us as individuals and what can we do about it? Join our panel of experts from SEL to learn why cybersecurity matters in our day-to-day life and why everyone must take responsibility for keeping data secure. From complex passwords to VPN connections, cybersecurity intersects with us in many ways.

Moderator:

- Frank Harrill, Vice President of Security

Panelists:

- Dave Whitehead, Chief Executive Officer
- Edmund O. Schweitzer, III Ph.D., President, Chairman of the Board, and Chief Technology Officer
