

2017 Biennial Conference – Fort Collins, Colorado, 12-14th July, 2017

Abstract Submission (Podium presentation or Poster)

Abstract Submission Guidelines:

Deadline for submission: June 7th, 2017

Abstracts should be submitted by e-mail (Word format) to Dr. Ohad Levi (olevi@westernu.edu)

Email Subject line: Abstract for RTA 2017 and please add your name and college affiliation

Use formatting guidelines below

Make sure that you receive a reply to confirm your abstract has been received and can be opened.

Acceptance of scientific abstracts will be determined by June 30th, 2017 at which point a formal email will be sent to all applicants.

Abstract Format

Abstracts should be typed in Times New Roman, 12 point font and single spaced, with one inch margins. In order to avoid endangerment of future publication abstracts are limited to 250 words.

Title: Times New Roman, Bold, Capitalized, 12 font

Authors: Author names should be listed in order of contribution using last name followed by initials only. Underline the name of the presenting author. Superscripted numbers should be used after each author's initials to identify their affiliation if the project originates from multiple departments or institutions.

Affiliations/Addresses: Name of department and institution followed by city and state or country if outside of the USA should be noted.

Text of Abstract: The following outline is preferred: Objective, Study Design, Methods, Preliminary or Final Results and Conclusions. If these headings do not apply, flowing text is acceptable. Do not bold, underline or italicize within the text of the abstract. Do not insert blank lines between lines or headings in the abstract.

Poster/Short Communication Abstracts: The RTA is considering including a Poster/Short Communication session at the upcoming meeting. The main goal of the poster session is to give as many members as possible the chance to present their work and experience while at the same time preserving time for scientific discussion during abstract presentations. A decision on which abstracts will be presented in traditional podium style and which will be assigned to the Poster/Short Communication session will be made following abstract evaluation. It is most likely that for the 2017 meeting, those abstracts accepted for Poster/Short Communication presentation will be shown in a digital format during the meeting.
