- ✓ Open topics (e.g. Teaching with technology, other innovations, what I do, etc.)

**Format:** Podium presentation (8-10 minutes with 5-7 minutes for questions and discussion)

<b>TITLE:</b>
Transition to Clinics Orientation
<b>AUTHORS:</b> - with affiliation(s)
Thandeka Ngwenyama, DVM DACVECC- Washington State University
<b>ABSTRACT:</b> <i>Brief (2-3 sentences) description of your session.</i>
The goal of the Transition to Clinics Orientation is to prepare the incoming fourth year veterinary class to be able to learn from their clinical cases using clinical reasoning skills on day one of their clinical training and not focus on logistical/house-keeping tasks. Our approach is to use a combination of simulation-based training in the teaching hospital, debriefing/Q&A sessions, and specific clinical skills training in the simulation center.
