October Newsletter

The American Society of Civil Engineers WSU Student Chapter monthly update is here! Read about our highlighted events from September and see the calendar for more fun in October!

Region 8 Assembly

Highway and Stream Cleanup

ASCE Members at Highway Cleanup

To start off September, ASCE went to the ASCE Region 8 Assembly at Gonzaga. We were able to meet the National ASCE President and have our voices heard regarding improving our student chapter.

ASCE hosted our first annual Resume Workshop led by Sandi Brabb. Our members are ready for the career fair in October, so bring on the internships!

We helped the Pullman community by doing two highway cleanups and a stream cleanup this month. A record number of students came out to help, so we decided to reward everyone with some donuts and coffee!
