Career Expo & Associated Events: We host one Career Expo each semester attracting between 1,500 and 2,000 students of all majors. Internships: Students seek internships that allow them to build professional experience, test tentative career choices, receive mentoring, and make their academic studies more relevant. Class and club presentations are another way to provide professional development tips and information about your organization to a student audience. If you are interested in scheduling this type of event, please email employer@wsu.edu.

Tabling on Campus: Our office can schedule opportunities to table on-campus in the Compton Union Building and other areas to help you advertise employment and career development opportunities for students. For more information, email employer@wsu.edu.
