

Molecular Plant Sciences Graduate Program

Fall 2011 Seminar Series

Wednesdays at 12:10pm in Webster 17, unless otherwise noted

Date	Location	Speaker	Seminar Title	Title & Affiliation
Aug. 24		NO SEMINAR		
Aug. 31	Webster 17	Scott Poethig	<i>miRNAs and the regulation of phase change in plants</i>	Professor, Department of Biology University of Pennsylvania
Sept. 7		NO SEMINAR	MPS Student Organization Meeting	
Sept. 14	Webster 17	Camille Steber	<i>GA Signaling, a Wake Up Call for Seed Germination</i>	Molecular Geneticist, USDA-ARS Assistant Professor (Adjunct), Crop and Soil Sciences Washington State University
Sept. 21	Webster 17	Jinpeng Gao	<i>FATTY ACID DESATURASE 4 encodes a protein distinct from classic fatty acid desaturases</i>	Research Associate, Institute of Biological Chemistry Washington State University
Sept. 28		NO SEMINAR	MPS Faculty Meeting	
Oct. 5				
Oct. 12	Webster 17	Eric Roalson	<i>Exploring patterns and processes of diversification in the Cyperaceae</i>	Associate Professor, School of Biological Sciences Washington State University
Oct. 19	Webster 17	Wilfred Vermerris	TBA	Associate Professor, Agronomy Department University of Florida
Oct. 26	Webster 17	Laura Wayne	<i>Deciphering the electron transfer systems of the endoplasmic reticulum</i>	Molecular Plant Sciences Grad Student Washington State University
Nov. 2	Webster 17	Zhaoyang Wei	<i>Characterization of Arabidopsis thaliana Serine Hydroxymethyltransferases from Mitochondria and the Cytosol</i>	Molecular Plant Sciences Grad Student Washington State University
Nov. 9	Webster 17	Marja Timmermans	TBA	
Nov. 16	Webster 17	Siau Sie Voo	<i>Unraveling the biosynthetic capacity of monoterpenes in grapefruit peel</i>	Molecular Plant Sciences Grad Student Washington State University
Nov. 23		NO SEMINAR	Thanksgiving Break	
Nov. 30	Webster 17	Berkley Walker	<i>Understanding the interaction between photosynthesis, photorespiration and nitrate assimilation through primary flux analysis</i>	Molecular Plant Sciences Grad Student Washington State University
Dec. 7
