Ph.D., MBA
Sapienne Consulting

Thursday, August 31, 2023
12:10 pm, Webster Room 11

Please meet our guest speaker and share in refreshments 11:45 a.m. -12:10 p.m. in the foyer on floor G above the lecture hall

“Tales of a non-academic career path and the customer transfer matrix”

Abstract: A career in industry is an adventure, filled with variety, opportunity, ups and downs. I will offer my story that has taken me through both a PhD and postdoc, and then jobs in both large companies and startups, and presently my own consultancy. I will describe the role of strategic pro bono work, and offer the thinking behind navigating career transitions.

Host: Devin Grabner
