Addendum No. 2

to

Request for Qualifications

for

Design-Build Services

Demolish Troy/Wegner Bridge
Washington State University
Pullman, WA

4/6/2022

Project No. 1789-2022
Washington State University
Facility Services, Capital
RFQ Addendum No. 2
4/6/2022

Demolish Troy/Wegner Bridge
Washington State University
Pullman, WA

Proposal Deadline: April 12, 2022, 4:00 P.M.

1. This Addendum forms a part of the Contract Documents and modifies the original Request for Qualifications dated 3/23/2022, and any prior addenda, as noted below.

2. This addendum consists of 2 total pages.

Item 1:

Questions and WSU Responses:

1. Does the scope of this project include any necessary rehabilitation, hardscape and landscape?

Yes, some minor landscape and hardscape rehabilitation is anticipated.

2. Does the scope of this project include utility relocations or will this be handled by facilities?

The only utility relocation anticipated is the removal of electric wiring on the bridge that powers existing exterior lighting. Utility relocation, if necessary, would be part of the Design-Build Team's scope.

3. Can you confirm no hazardous materials on the bridge structure?

We are currently not aware of any hazardous material on the bridge structure.

4. Are you anticipating the substructure demolition and removal will include all of the pier and abutment footings? For instance can the pier and abutment be cut off say 1ft below ground with the underlying portions left in place? In case total demolition and removal is desired and should it become potentially impactful, what is extent of the surface disturbance/removal that is tolerable?

Total demolition and removal is desired. The extent of surface disturbance/removal will be discussed in the course of the project.

5. Is the anticipation that Stadium Way and College Ave can be closed for certain periods? If so, how long are you anticipating allowable closures would be?

Closures are possible; traffic rerouting and other accommodations will be a critical aspect of the project.

All other requirements of the Request for Qualifications remain in force.
