

MEMORANDUM OF UNDERSTANDING

between

Yakima Valley College

and

the College of Agricultural, Human, and Natural Resource Sciences

Washington State University

Yakima Valley College (YVC) and Washington State University (WSU) hereby enter into a Memorandum of Understanding (MOU) based on a Customized Articulation Agreement (CAA) for transfer students from YVC to WSU with an AAS-T degree in Agribusiness who follow the attached advising recommendations and matriculate into a B.S. degree in Integrated Plant Sciences, Fruit and Vegetable Management Major in the College of Agricultural, Human, and Natural Resource Sciences (CAHNRS) at Washington State University.

This Customized Articulation Agreement is intended to eliminate duplication of coursework and better integrate programs to ensure a more efficient pathway to graduation. The purpose of this set of advising recommendations is to provide students of YVC a more efficient transfer pathway to Washington State University (WSU). Students who complete the AAS-T degree in Agribusiness with at least a 2.0 cumulative grade point average will be certified as Fruit and Vegetable Management majors at WSU; and will be granted Junior standing, assuming the total number of credits accepted in transfer equals at least 60 semester credits.

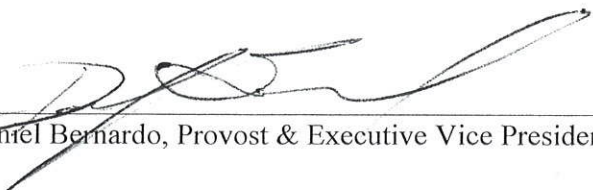

Transfer coursework for students completing the YVC degree covered by this MOU will be applied to the Washington State University Common Requirements (UCORE, the general education program), as applicable under the WSU Transfer Course Equivalency Guidelines, and to the individual degree options within the CAHNRS as specified in this agreement. The transfer of credit allowed under this MOU is structured to maximize the use of YVC credit applicable to each specific degree option, up to the total of 73 semester credits of lower-division transfer credit allowed under Washington State University policy. All such credit not applicable under the WSU Transfer Course Equivalency Guidelines applies only to the WSU degree covered by this agreement. If students transfer prior to completing the transfer degree, acceptance of the courses toward a WSU degree will be based on WSU Transfer Equivalency Guidelines.

The agreed upon courses of study are outlined in Attachments A and B of this MOU. Attachment A details the specific *set of requirements to be completed* at YVC and Washington State University in order to earn a B.S. degree in Integrated Plant Sciences, Fruit and Vegetable Management Major. Attachment B specifies the required *term-by-term course of study* as offered by YVC and WSU.

The required course of study may be changed at any time with the mutual written agreement of the participating institutions. At such time, the Attachments to this MOU will be updated. Suggestions about which courses of study need to be reviewed will be called for each year. However, unless otherwise agreed upon by both institutions on an individual student basis, students will be responsible for the course of study at YVC and Washington State University in effect at the time the student enters the YVC AAS-T degree in Agribusiness specified in this MOU.

The undersigned certify this Memorandum of Understanding:

Washington State University

Dr. Daniel Bernardo, Provost & Executive Vice President

11/10/16
Date

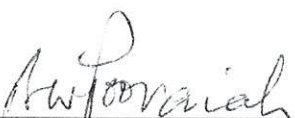

Dr. Mary Wack, Vice Provost for Undergraduate Education

9 Nov 2016

WSU CAHNRS B.S. in Integrated Plant Sciences, Fruit & Vegetable Management Major
NOTES:

- ¹ Conversion formula for quarter to semester credits: Quarter credits x .67 = Semester credits
- ² BIOL& 160 at YVC is not equivalent to BIOLOGY 107 at WSU. However, BIOL& 160 will satisfy the requirement.
- ³ CHEM 109 and 209 at YVC are not direct equivalents to CHEM 101 and 102 at WSU. However, these chemistry courses will satisfy the requirement.
- ⁴ Upper-division courses may also fulfill these requirements.
- ⁵ A minimum of 40 semester hours must be upper-division (300-400) credit (Rule 114).
- ⁶ Credits counted in UCORE section.
- ⁷ AG 190-192, cooperative field experience course from YVC, will satisfy the HORT 399 requirement.
- ⁸ Students may choose either CROP_SCI 411 or HORT 416 for this requirement. CROP_SCI 411 is taught in the fall semester and HORT 416 is taught in the spring semester.
- ⁹ AGSCI 213 is equivalent to IPM 201. This course will satisfy the Pest Management Elective.
- ¹⁰ AGSCI 214 Sustainability will be allowed to satisfy the Sustainability Elective.
- ¹¹ Minimum WSU graduation requirements are 120 total semester hours and a 2.0 overall grade point average (GPA). Each department may have specific GPA requirements.
- ¹² The maximum combined lower-division transfer credit allowed [from regionally accredited institutions, CLEP (College Level Examination Program), AP (Advanced Placement), IB (International Baccalaureate), Cambridge International, military credit, and any other source] shall be 73 semester credit hours toward a baccalaureate degree irrespective of when those hours were earned (Rule 114).
