

Post-Observation Reflection

Please use the STAR Protocol to guide your thinking as you reflect on the following questions and statements.

What evidence of Powerful Teaching and Learning did I observe?

As I reflect on this lesson, I am aware of _____ as a strength in my own teaching.

As I reflect on this lesson, I am aware of _____ as a learning edge in my own teaching.

Something that surprised me was...

I am curious to know more about.....

Post-Observation Reflection (cont)

I wonder....

Explore the range of possibilities from this observation:

As I reflect on the protocol, something I might try in my own teaching that would make this even more powerful is...

Some ideas for having students apply the learning I just saw would be...

I could deepen and extend knowledge and skills for my own students by...
