

What is ROP?

A vital question of any culture is how youth are prepared to take on the identity of a mature individual, and what significance that role will have.

The Rite of Passage program provides emerging adults with a positive life narrative to begin their journey into adulthood.

The 4-H Rite of Passage provides reflection and solo-time in the wilderness. We prepare initiates for as much as a 3-day fast alone without shelter or company in the natural world.

The vision fast process for participants involves 3 phases:

- severance from the world that they know and will leave behind,
- threshold or time alone, and
- Incorporation into their new life and life status as an adult.

The benefits of this work at the individual and cultural levels are many and include: self-knowledge (both strengths and weaknesses), leadership skills, self-esteem, self-confidence, sense of responsibility for self and community, fuller access to emotions, feelings and spirit, respect for self and others and a deep honoring of the natural world that supports us all.

*Extension programs and employment
are available to all without discrimination.

About 4-H Rite of Passage

The 4-H RITE OF PASSAGE program was originally developed by The School of Lost Borders in California. For over 30 years they have provided vision fasts for youth and adults as well as training for future vision fast guides.

Our Guides

Our 4-H ROP Guides have each clocked over 250 training hours and lead multiple fasts.
