2020 Washington State 4-H Virtual Horse Judging Contest to be Held on September 12 Information and Registration Forms Here!

As many of you may know, the State 4-H Fair has announced that the State Horse Judging Contest will not be offered at the 2020 4-H State Fair.

For 2020, the “State 4-H office” will be coordinating and managing the State 4-H Horse Judging Contest. It will be a virtual contest, utilizing the Virtual Horse Judging Platform offered by Purdue University. Purdue provides the virtual classes and does all the tabulation.

The virtual contest will occur on Saturday, September 12th, 2020. The contest will start at 9:00 am and end at 11:30 am.

The full memo can be found [here](#). PLEASE READ IT CAREFULLY!
It contains detailed information on the following:

- Registration forms
- Payment
- Contest Logistics
- Eligibility
- Contest Format
- Practice Contest (Two Opportunities and Optional)
- Recommendations for this Official Virtual Contest with Purdue
- Awards
- Registration Details and Payment Details-**Please read carefully!!!**

IMPORTANT REMINDER Regarding WSU Extension Adult/Youth Interactions during COVID-19

As we are all in communication via technology with youth at this time, I would like to take this opportunity to remind everyone of WSU Extension’s policy on interactions. **Under this policy, AT NO TIME should one adult be meeting or communicating with youth WITHOUT the presence of another adult.** This policy pertains to Zoom conferences, telephone conversations, text messages, social

media posts, etc. To facilitate communication, make certain to cc another adult on written communications, and invite another adult to be present during virtual meetings. The second adult is recommended to be a WSU volunteer; other adults can serve in this role if you're in a pinch.

2020 North American 4-H Dairy Quiz Bowl Online Contest Announced!

I just received this opportunity from the National 4-H Dairy Quiz Bowl Contest committee inviting youth to participate in an on-line contest (See below and attached material). Spread the Word!

If you have interested youth that would like to join in on this program, please have them contact me by August 21, noon.

Dear State Dairy Contacts, coaches, leaders, and potential youth participants: First, we want to thank those who completed the on-line survey regarding how we should proceed with this year's NAILE 4-H Dairy Quiz Bowl. Your insight and comments were extremely helpful as we looked at the pros and cons of each of the three possible scenarios (in-person contest, virtual contest, or educational event) to host in 2020.

We have decided to host a dairy educational experience/competition and not an official in-person or virtual 4-H Dairy Quiz Bowl Contest. 4-H youth that participate in this year's dairy educational experience will not use up their eligibility to compete at future North American 4-H Dairy Quiz Bowl contests as long as they meet the eligibility rules (age, etc.) for the contest the year they compete.

The Dairy Quiz Bowl management team and judges are excited to offer a different learning opportunity for our 4-H youth. Our educational goals for this educational event remain identical to those of the National 4-H Dairy Quiz Bowl contest. Youth will have an opportunity to learn about the dairy industry and the science behind management practices while they develop life skills. The one difference is they will also have the opportunity to apply these concepts to a simulated farm situation as they work together as a team.

To learn more about this dairy educational opportunity, please read the [linked letter](#) with the details. We hope that your 4-H youth will take part in this new learning event as we navigate the uncertainties of 2020.

Forms will be available at the following website:

<https://afs.ca.uky.edu/dairy/north-american-dairy-quiz-bowl>.

ALL Links to 4-H Virtual Showcase Judges Training Session Recordings are Now Available!

Have you thought about becoming a judge for 4-H? Are you already a judge for 4-H? Have you been through the basics of judging for 4-H? Can you make a successful 4-H comment sandwich? We are looking for current 4-H judges and new volunteers who have subject matter knowledge who are willing to learn, judge, and interact with 4-H youth virtually.

We have a few class sessions (**now recorded**) that are for everyone – like “Technology Basics” and “Basics of Judging for 4-H” – then we move into subject matter sessions.

Below is the outline for dates/times (**recordings**) and short descriptions for the training sessions. We will be collecting registration/contact information from those who wish to participate and creating a list to share around the state. **Session 6 updates/times, as well as our final session, Session 7, which will be a round table discussion format – how to register for those zoom sessions is noted below.** To register/sign-up, please follow the directions below for each session you wish to participate in (**or follow the link for the recordings**). Once registered for those sessions that have breakout rooms, please e-mail Pam Watson at pwatson@wsu.edu with the subject line: Virtual Judges Training. In the body of the e-mail please list the sessions and subject matter/species/area of interest (this can be one e-mail if participating in multiple sessions). **Please register twelve (12) hours in advance of the first training you wish to participate in to receive the password for participation. Each session (or time) may have a different zoom address and password.**

Ferry County 4-H’s Talon Callahan Participates in National 4-H Council’s Opportunity4All Forum

The proven impact of Cooperative Extension’s 4-H positive youth development program in addressing the nation’s opportunity gap was the focus of the Opportunity4All Forum on August 5, a one-hour virtual program produced by National 4-H Council. Highlights included youth perspectives on social justice and mental health. Extension, celebrity, corporate and foundation leaders shared their views and expertise on the action needed to create more opportunities for youth and communities. In addition, a powerful new white paper, Beyond the Gap, co-authored by Oregon State University Professor and Youth Development Specialist Mary Arnold, [is available here](#). Forum interest was high, with 1,142 registrants, including 657 Extension professionals. Click [here](#) for more information about the Opportunity4All Campaign.

National 4-H Council’s Opportunity4All Forum included our own Talon Callahan, from Ferry County. Watch the recording [here](#).

Updated Information on Tractor Supply Company Fall Paper Clover Campaign!

The latest information for the Fall TSC Paper Clover Campaign includes no major changes, but a few exciting additions:

- Plans are moving forward for a traditional Paper Clover, with 90% of funds going back to the State they are raised in (just like normal). This will take place Oct 7-18, 2020, both in store and online.

- Increased signage will be posted around the pin pad machines to help with donations, since PPE requirements and current procedures make it more difficult for cashiers to ask.
- As things change very rapidly right now, it's too early to say if it will be possible for 4-H clubs to be in store. But regardless, that will be state/community level decision. There is no pressure for kids to be in store.
- Even if 4-Hers can't physically be in store, a 4-H presence is still wanted there. Be thinking of contact-less ways you can promote in your local store, things like creating a display board. National 4-H Council will compile a list of those ideas and share them with states and local TSC stores both, so everyone is on the same page.
- National Council has a piece of great news. TSC is testing a very cool opportunity with us this fall. If folks donate using their TSC credit card, TSC will match that donation. More to come on that soon, but some Citi® card users should receive emails about it with the fine print as we get closer.
- Council will have promotional materials on the MORC but those won't be available until the middle of September.

Thank you for everything you all do to make this partnership successful!

Washington State 4-H Fair Update from Fair Manager Tom Gwin

To Our 4-H Family,

You have all been made aware of the cancellation of the 2020 WA State 4-H Fair and the Washington State Fair due to COVID-19.

The Washington State 4-H Fair Board has been in serious discussions as to what fair exhibits and activities we will be able to conduct in a virtual format this year. We have already announced our plans for Virtual Still Life Exhibits. The Virtual Exhibit Guide and Entry Form is available by clicking [here \(Guide\)](#) and [here \(Entry Form\)](#). They are also available on the State 4-H Fair website.

For fair activities, we will only be able to offer Public Presentations in a virtual format. This will include public presentations, public speaking, and the national equine presentations. One change for this year is that live animals may be used in virtual public presentations. Details on the virtual public presentations and how to register will be released in the next few weeks.

All other activities (judging contests, groom squad, 4-H in action, performing arts, kitchen activities, and fashion revue) will not be offered in a virtual format. For those judging contests that have been used as national contest qualifiers (equine and livestock), WSU staff will take responsibility for developing a qualifying contest outside of the confines of the State 4-H Fair.

For the animal projects, we will not be able to offer virtual animal shows this year. The WA State 4-H Fair simply does not have the staff or volunteers to put together a positive learning experience for our youth exhibitors. We encourage counties and 4-H clubs to provide opportunities for your members to showcase their animal projects this year.

While we will miss face to face contact with our fair exhibitors in 2020, we hope you will join us for the 2021 WA State 4-H Fair.

Best Regards,

Tom Gwin, State 4-H Fair Manager
and the WA State 4-H Fair Board

AQHA Young Horse Development Program Application is Now Available

The American Quarter Horse Association's Ranching Heritage Young Horse Development Program (YHD) showcases the stock being bred and raised by AQHA Ranching Heritage members by matching donated weanlings with AQHYA members. Youth in this program are engaged in the horse industry at a fundamental level that is both fun and educational.

Participating Ranching Heritage breeders donate young horses for Young Horse Development participants to raise and train. Young horsemen and women learn responsibility and goal setting, important components of horse ownership – and life skills that can follow them for years to come. Encouraged by good fun, as well as key education in the horse industry, youth learn to raise and train their weanlings. Youth must be 13 years old.

The priority application deadline for the 2021 program will be August 15, 2020, and the late application deadline is October 1, 2020. Apply by the priority deadline

for the best chance of admission into the program and the most likely match with a horse closest to your home. Participants may be selected and matched with horses any time after August 15, with the majority being selected and matched with horses October through December 2020.

Youth can participate in the Young Horse Development Program with a donated foal or purchasing a Ranching Heritage Challenge-enrolled foal from a Ranching Heritage Breeder.

The **[2021 Ranching Heritage Young Horse Development Program Application Form](#)** is now available.

To learn more about program requirements and guidelines, please view the **[2020 YHD Record Book](#)**.

Share Your STEM Project Or Activity on the 4-H STEM Showcase Instagram Page!

An @4HSTEMShowcase Instagram page has been created, and we would love to profile 4-Her's STEM projects from around the state on it. If it's science of any kind – tech, engineering, or math – we want to see it!

It's easy to share. Just send a jpeg with the 4-Her's first name, county name and project they are sharing to Michelle Green at **michelle.green@wsu.edu**. If the county has an Instagram page, we will tag them if it posts. We have 4-Hers doing awesome things, and we want to see them learning by doing!

National 4-H Council Shares Survey on COVID-19 Effects on Youth Mental Health and Loneliness

A new survey commissioned by National 4 H Council, and conducted by the Harris Poll, finds that 7 in 10 teens are struggling with their mental health in the wake of COVID-19. More than half of those surveyed shared that the pandemic has increased their feelings of loneliness, with 64 percent believing it will have a lasting impact on their mental health. The survey, conducted in May 2020, is among the first to examine the impact this unprecedented public health crisis has had on U.S. teens. The aims of the survey are to help practitioners gain a deeper understanding of the state of teen mental health and to gather teen perspectives on the issue as 4-H aims to empower young people with the resources and support to address their health and well-being head on.

Everyday Actions to Help Prevent the Spread of Respiratory Viruses

Here are everyday actions to help prevent the spread of respiratory viruses:

- Wash your hands often with soap and water for at least 20 seconds. If soap and water are not available, use an alcohol-based hand sanitizer.
- Avoid touching your eyes, nose, and mouth with unwashed hands.
- Avoid close contact with people who are sick.
- Stay home when you are sick.
- Cover your cough or sneeze with a tissue, then throw the tissue in the trash.
- Clean and disinfect frequently touched objects and surfaces.

A WSU hand-washing video can be accessed [here](#).
