LIMITED RESUMPTION OF 4-H IN-PERSON ACTIVITIES
Announcement Revised April 15, 2021

On March 11, Governor Inslee announced that all counties would move to phase 3 on March 22. On April 12, the Governor moved Pierce, Cowlitz and Whitman counties back to phase 2. The Governor will re-examine the COVID-19 situation and may make changes on May 3. NOTE THAT CHANGES TO REQUIREMENTS MAY BECOME MORE OR LESS RESTRICTIVE, depending upon the course of the COVID-19 virus.

PLEASE WORK WITH YOUR LOCAL COUNTY EXTENSION 4-H OFFICE IF YOU WOULD LIKE TO HOLD A 4-H IN-PERSON MEETING, ACTIVITY OR EVENT. ALL NEW IN-PERSON PLANS MUST BE APPROVED BY YOUR LOCAL 4-H STAFF/FACULTY AND LOCAL COUNTY DIRECTOR.

We reference the Governor’s Agricultural Events COVID19 Requirements for agricultural and animal events and the Department of Health’s Youth Development guidance for other in-person 4-H activities. We are also following recommendations by WSU’s Department of Environmental Health and Safety.

For the 4-H Youth Development Program, WSU has expanded the group size from 5 (for phase 2) to 15 (for phase 3) youth participants plus at least two adults (Extension personnel and/or Certified 4-H Volunteers). If the event is anticipating larger numbers, please consider staggered participation or “shift” scheduling to stay within the limits. More information can be found on the 4-H In-Person Resources Page linked below.

As always, all safety protocols must be followed and any activity that can be accomplished at a distance should be.

Snohomish County 4-H Showcases 4-H Minecraft Project On May 5th
Snohomish County 4-H is very excited to invite you to a special showcase of the Snohomish County 4-H Minecraft Project. Youth from the project will be discussing their 4-H Minecraft project, including how it got started, the challenges they faced and how they overcame them, and they will finish by giving a tour of the Snohomish County 4-H Minecraft Server. You will get to see some amazing progress on their model of the Evergreen State Fairgrounds in Minecraft, as well as their multiverse environment, where youth of all ages can move through build spaces that offer a variety of experiences. You will also hear from the adult mentors of the program where we will discuss the logistical challenges and the endless potential of this project.

The event will be on Wednesday, May 5th, at 6:30 pm. Please use the Zoom link below.

For those tech-savvy or adventures individuals, if you have a Minecraft Java account or if you would like to borrow one and download Minecraft Java to your system, we can even grant you access to the server so you can virtually walk around in the Minecraft world, live with Snohomish County 4-H youth tour guides! Please email Ashley if you would like to try it. This project meets weekly on Wednesdays, so if you can’t make May 5th, contact Asley Hernandez-Hall to request a private tour!

Thank you; we are so excited to see you there!

Important Note: Both internal and external WSU meeting attendees must be signed into Zoom to join the meeting.

Call for 4-H Volunteer Conference Proposals Open

The 4-H Volunteer Conference of Southern States is calling all 4-H volunteers and staff to submit proposals for this year’s 2021 4-H Volunteer Conference, September 30 – October 3. This year’s conference returns to Rock Eagle 4-H Center and offers workshops, speakers, networking events, exhibits, and curricula sharing. Also offered is virtual content to include both prerecorded sessions as well as those delivered during the conference in its virtual platform. Presenters have options to submit proposals for both virtual content and content delivered at the conference center. Priority deadline is May 1st and the website includes both a guide to presenting and the submission portal.

The Conference hopes you’ll submit your great work, share the news, and recruit others to present as well.

Click HERE for the website with Proposal and other Information.

Charles F “Chuck” Todd, born August 22, 1936, passed away on March 25, 2021 at home in Auburn. He is predeceased by his parents Louis L Todd and Vivian West Todd, brother Eugene and nephew Matt. He is survived by his wife of 55 years, Darlene, and children Brian and Charlene, all of Auburn. He is also survived by five Grandchildren (Nathan, Ashlie, Matthew, Emily and Aiden) and their mom Becca, all of Lacey, and eight great-grandchildren. He leaves behind his brother Donald of Atlanta, Georgia, and his sisters, Priscilla La Roche (Brother-in Law Darryl) and Sharon Putnam, both of Tacoma, Sister in-law Nona and husband Ben Smith, and many nieces and nephews across the country.

Chuck grew up loving the outdoors. He loved mountain climbing, back-packing, hiking and, later, car camping when the kids came along. He was a member of the Boy Scouts and the Mountaineers. He graduated from Federal Way High School and Seattle University. He worked as an Electrical Engineer for Boeing and Tacoma City Light. Chuck and Darlene loved traveling and exploring, and he got a chance to visit all the continents. Chuck did volunteer work at the Pacific Science Center for many years.

Chuck spent his “spare time” volunteering for 4-H. He was honored as King County’s 4-H Leader of the Year, and he received the Outstanding Service Award from the WSU Foundation in 2012 for over 31 years of service to the program. For many years, Chuck was an advisor for the State Ambassadors, and he served as Treasurer of the State 4-H Advisory Board up to the time of his passing. He served as a mentor, organizer and chaperone in many WSU youth programs. Chuck also co-wrote the first nationally juried and published 4-H computer curriculum. He enjoyed making friends in 4-H, and earned many awards for his work, culminating in his induction into both the Washington State (2001) and the National (2019) 4-H Hall of Fame.

Memorials can be made to the Washington State 4-H Advisory Board, c/o WSU King County Extension 4-H, Attn: Nancy Baskett, 560 Naches Ave SW, Suite 130, Renton WA 98057-2219. The family will plan an informal get-together at a later time.

**Highly Pathogenetic Avian Influenza (HPAI) Info Available for Poultry Project Youth**

Highly pathogenic avian influenza is very active right now around the globe. Outbreaks are presently occurring in North Korea, China, Netherlands, Sweden, Spain, Germany, Belgium, Italy, Iran, Poland, Norway, France, and Ukraine.
Wild waterfowl are one of the main ways the virus moves around. A major migratory flight path for wild waterfowl includes Washington State; many waterfowl species (swans, ducks, geese) overwinter in the state as well. These birds can carry the avian influenza virus and spread it to chickens, in which it is much more deadly. Please refresh your knowledge of the biosecurity practices recommended to keep your birds safe and take these actions every day!

Here are some good resources:

More Information on HPAI:
Washington State Veterinarian News: Batten Down the Hatches Against Avian Influenza

Outbreaks of highly pathogenic avian influenza are happening in several countries around the globe now. Please share this important info with 4-H members, commercial poultry owners, and any other stakeholders who would be affected by an outbreak in the U.S. We do NOT want this disease to get a foothold here! Thanks.

Plea for 4-H Horse Project Youth to Vaccinate for Equine Influenza

Dr. Susan Kerr, WSDA Education and Outreach Coordinator

4-H horse project youth, your horse depends on YOU to keep him/her safe and healthy!

There were 33 confirmed cases of equine influenza in Washington State in 2020. There were an additional 29 suspected cases, and 25 more horses were exposed
to the virus by infected horses. These cases were distributed throughout the state. Fortunately, none of these horses died, which is typical for this disease.

Part of influenza treatment involves strict rest, and some horses do not return to normal for six months! Can you imagine not being able to ride or exercise your sick horse for weeks or months? Horses infected with the influenza virus can develop secondary pneumonia, which can be much more serious and require antibiotic treatment.

If your horse is at risk of catching influenza from other horses, why not prevent this disease and all its complications by vaccinating him/her? The American Association of Equine Practitioners (AAEP) recommends horses at risk be vaccinated for influenza every six months.

Is your horse at risk of influenza? YES if he/she has contact with other horses “outside its bubble” at shows, trail rides, schooling, etc. Also YES if you keep your horse at a stable where other horses are coming and going and mixing with other horses. Even if your horse doesn’t go anywhere, another horse can bring the virus to him/her.

If your horse stays at your home barn with a steady “bubble” of barn mates and doesn’t have direct or indirect contact with other horses, he/she is at minimal risk of influenza.

A very good article with more details about equine influenza is available at https://www.equinediseasecc.org/disease-information.

For more information about equine vaccinations, see the AAEP's recommendations at https://aaep.org/horse-owners/owner-guidelines/owner-vaccination-guidelines or speak with your veterinarian.

The foundation of animal welfare is preventing animal illness, pain, and suffering. Vaccinating against diseases of concern is a very simple and effective way to do this.
