****Sold in 2013 SYCS*

TERMS AND CONDITIONS Of The Springtime Youth Calf Sale

TERMS: The terms of the sale are cash unless arrangements are made prior to the sale. Satisfactory settlement must be made with the clerk of the sale immediately after the close of the sale. Only when the above conditions are met will the buyer be entitled to the warranties listed below. Animals will be released only on a signed order from the clerk when presented to the barn superintendent. In no case will animals be released unless settlement is made with the clerk of the sale.

BIDS: Only youth enrolled in dairy projects may bid. Bids from adults will not be accepted. The highest bidder shall be the buyer. Every animal or lot is pledged, to absolute sale. In case of dispute, the animal or lot shall again be put up for advance bids, and if there be no advance bid, the animal or lot shall be sold to the person from whom the auctioneer on the stand accepted the last bid. In case two or more claim the bid, the auctioneer in the box shall indicate the party whose bid he recognized. Other claimants will be given an opportunity to increase the bid and bidding will be restricted to the two or more claimants.

RISK: All animals located at sale site are at the purchaser's risk as soon as struck off. Purchasers must make arrangements for the care of their purchases beyond the sale day. Animals are solely at the consignor's risk prior to selling in the event of fire or other eventuality.

CERTIFICATES OF REGISTRATION: Will be furnished by the seller showing transfer on the records to the purchaser and will be provided free of charge within a reasonable time.

WARRANTIES: 1) Each consignor warrants clear title to the animal or lot, and the right to sell same. 2) To the best of the seller's knowledge, each animal is sound and healthy in every respect. Every precaution will be taken to represent the physical condition of each animal exactly as it is known. Examination of all purchases should be made immediately after the purchase and before the close of the sale, and if found not to be as represented, complaint must be reported to the sale management before the close of the sale. The sale management will then notify the consignor. The complaint must be rectified between the consignor and buyer within 30 days of sale date. In the event no complaint is filed, it is understood that the buyer assumes full ownership together with all risks, after which no representations of the seller can be challenged through the sale management. Heifers that have never calved are in no way guaranteed as to the condition of their udders following calving. No guarantee is made concerning freedom from hardware unless so announced. 3) The consignor guarantees his animals to be breeders, but not beyond the purchase price, with the following understanding:

*****Please read the following information carefully as it pertains to breeding of the heifer and if the heifer fails to become pregnant.*****

FEMALE- If less than 18 months old when sold, fails to become pregnant by the time she reaches the age of twenty-one months; after having been bred to a bull known to be a breeder, and after having been treated by a licensed veterinarian, the matter shall be reported in writing to the seller who shall then have the privilege of four months time in which to prove the animal a breeder before refunding the purchase price or making other settlement satisfactory to the buyer. No boarding fee, feed expenses or trucking expenses are necessarily due to the buyer. If after the sale a female is flushed or superovulated, this negates the breeding warranty-unless there is a separate written agreement between buyer and seller.

SHIPPING: All shipping costs, risks and responsibility will be borne by the purchaser and must be settled before end of sale day.

PEDIGREE INFORMATION: All production, classification, type and production summaries are current. Any production or classification records supplied by the seller or consignor will be properly identified as provided by owner.

HEALTH WARRANTY: The results of any future health test are not guaranteed. If the calf has not been vaccinated, the new owner shall be responsible for providing a Brucellosis vaccination for the calf by the time the calf reaches 8 months of age. A vet will look over the animals, but will not give any guarantees. See **WARRANTIES**.

RINGWORM: The sale management or consignor is not responsible for any ringworm that the animal should develop from contact with other animals infected with the ringworm virus.

JOHNE'S DISEASE: No animal is warranted to be free of Johne's Disease nor to be from a certified free or low risk herd unless so stated specific to the animal and the seller and sale management hereby notify the buyers that all animals are sold with no warranty.

ERRORS: The material in this catalog has been carefully edited. If any error or omissions are discovered, they will be announced. Such announcements to take precedence over the matter of print in this catalog, except for those pertaining to by bidding.

ACCIDENT: The sale management, the consignors, and the owner of the grounds will not be responsible in any case for the condition of the grounds or the behavior of the animals and disclaim any liability in the event of personal accident or property loss.

RESPONSIBILITY: The seller represents and is responsible for his animal. Seller's responsibility and warranties will cease when animal is resold.
