Hello, 4-H community!

At Washington State University's College of Agricultural, Human, and Natural Resource Sciences, our instructors are a wonderful resource for students, challenging them in exciting ways and serving as mentors and guides throughout their college experience. A couple of months ago we brought together various students with their favorite faculty members, so they can share with us a window into life as a WSU CAHNRS Coug. This video in our Faculty Week series features Estela, a senior Economics major, and Wes, her professor and Honors thesis mentor.

Thirty-four delegates congregated in Ellensburg on Saturday, March 5th to study the legislative process. Fun activities such as scavenger hunts and icebreakers were mixed with a program that included meetings and participation in interactive exercises and discussions about bills, legislators, and local and state government.

Former Clark County 4-H member Matthew Lubbers joined the conference as an in-person speaker. Soon to graduate from Central Washington University with a degree in Aviation, Matthew credits much of his success as a college student and young adult to 4-H, with emphasis on his participation in the KYG program and promoting himself and his market animal projects, public speaking and record keeping.

A highlight of the day’s activities was a Zoom call with Lieutenant Governor Denny Heck, who joined the group for a great conversation. Next year, we hope to have a full in-person conference, when the topic will be media and civil discourse in government.

**COVID-19 RESOURCES**

**4-H COVID-19 HEALTH AND SAFETY PROTOCOLS**

**UPDATED MARCH 12, 2022**

Washington State University has adopted the Governor’s updated mask policy which is effective March 12, 2022. This policy eliminates the general masking requirement in both indoor and outdoor situations, unless specifically required for a particular location for health reasons (such as clinics). Also eliminated is the general requirement for social distancing among vaccinated individuals. WSU has extended the relaxation of the masking and distancing requirements to those employees who have exemptions from the vaccine requirement (for religious or medical reasons) and have approved accommodations at their workplace.

**WSU Extension has therefore adopted the following:**

**Vaccination Requirements Continue**

The vaccine mandate for WSU employees and volunteers remains in place. WSU employees and volunteers must be fully vaccinated or have an approved exemption with an accommodation on file to engage in work with WSU Extension.

**Masking Policy Changes**

WSU Extension has adopted the Governor’s mask policy effective March 12, 2022. This policy eliminates the general masking requirement in both indoor and outdoor situations, unless specifically required for a particular location such as health care settings and public transportation. This extends to individuals who have an approved accommodation based on a medical or religious exemption, who no longer are required to wear a mask as a condition of that accommodation.

**Social Distancing Changes**

WSU Extension applies the relaxation of social distancing requirements to those volunteers who are fully vaccinated or have an approved exemption with an accommodation (for religious or medical reasons) on file at their workplace or county office.

**PLEASE NOTE – individual offices and locations may continue to require masking and/or distancing at the office level for all office programs in light of local risks and conditions.**
GOVERNOR INSLEE’S VACCINATION PROCLAMATION
Announcement Revised September 7, 2021

Governor Jay Inslee issued a health and safety proclamation on August 20, 2021, in response to a continued state of emergency that exists in all counties due to the Covid-19 pandemic. The health and safety proclamation, as ordered by the Governor, includes employees, contractors and volunteers engaged in activities with state agencies and in educational settings. **Therefore, WSU (including WSU Extension and the 4-H program) is required to comply with Governor Inslee’s recent vaccination proclamation directives.**

With regard to volunteers, below are a series of references, deadlines and explanations that provide further details.

- **The Proclamation (21-14.1) can be found** HERE.
- **Deadline:** All current WSU Volunteers are required to be fully vaccinated or exempted by October 18th. Volunteers who are not fully vaccinated or who do not have an approved exemption on file by October 18 will be put on inactive status. They will not be able to engage in any volunteer activities with WSU Extension until proof of full vaccination can be observed or until an exemption request has been reviewed.
- **Proof of vaccination:** Contact your local 4-H office for information on how to share proof of your vaccination status.
- **Exemption process:** The state-level exemption process (for religious or medical reasons) can be found at https://extension.wsu.edu/volunteer-exemption/ https://extension.wsu.edu/volunteer-exemption/
