

growing plants (especially fruit) cooking and food and joining the 4-H activity.

Why do you want to participate in this exchange?: The American 4-H Club has a long history, and many members have agricultural experience in their families. America is an important agricultural country, and that kind of farm life is very interesting to me who studied agriculture in high school. During these three weeks, in addition to experiencing the life of American families, I hope to have the opportunity to participate in their activities of exhibitions. Because in the activities in Taiwan, it is often mentioned that the 4-H club in the United States is not managed as a farmer's association, but as a club. I want to see how their club is different from our farmer's association. Among the visiting senior sisters in 2019, one of the seniors shared the experience of participation in the exhibition of their project, and saw many activities that were different from Taiwan.

27-TM CHAPERONE (his stay can be split between two homes) **Hobbies/Interests:** I love singing, painting and trying something new. I am a beginner of cooking but with lots of passion. Sometimes I play video and board games with friends to have fun. I enjoy going out for a ride and having a great meal.

Why do you want to participate in this exchange?: I am a 4-H advisor of Lu-Zhou 4-H club in Taiwan. I expect finding inspirations while participating in American's 4-H activities and learn the difference between United States and Taiwan 4-H club's projects and programs. Besides, I would like to try something I've never experienced before, especially something about US culture or the US only things.

What activities do you enjoy? Gardening, animals, trying new food, cooking, arts/crafts, video games, singing, playing a musical instrument (beginner guitar) and playing board games.

What sports do you play? Biking, badminton
