

WASHINGTON STATE 4-H LIVESTOCK JUDGING CONTEST

Saturday, June 29, 2024

Grant County Fairgrounds, Moses Lake, WA

The agricultural community is small in numbers but feeds the world. The 4-H youth that participate in this statewide event are eager for opportunities, and this will set the stage for the knowledge and understanding of sustainable food animal production. Engaging youth when we can—in a content area that appeals to them—is key to sustaining a workforce interested in contributing to agriculture. This is one of those opportunities.

Donations impact:

- Offering Washington 4-H livestock judging teams' exposure on a national stage.
- A higher number of quality livestock for a better participant experience.
- With the contest in early summer teams have time to fund raise for travel to the Big 3 representing Washington 4-H at a nationally sanctioned contest.
- Sustainability of this event, including but are not limited to volunteers, livestock producers, recognition awards for participants and coaches, and a mid-day event meal.
- Additional funding in the future will support competitions in Quiz Bowl Contest events. These challenges encourage members to develop a more complete knowledge of animals and related subjects, and provide an educational program for all project members, including those who may not own a project animal.

Please consider supporting 4-H state livestock judging online at <http://bitly.ws/spxe> or scan the QR code.

Depending upon sponsorship level all sponsors will receive recognition at the contest:

Prime: \$1000+
