

4-H RIDING & REINING

Riding Pattern – Western or English

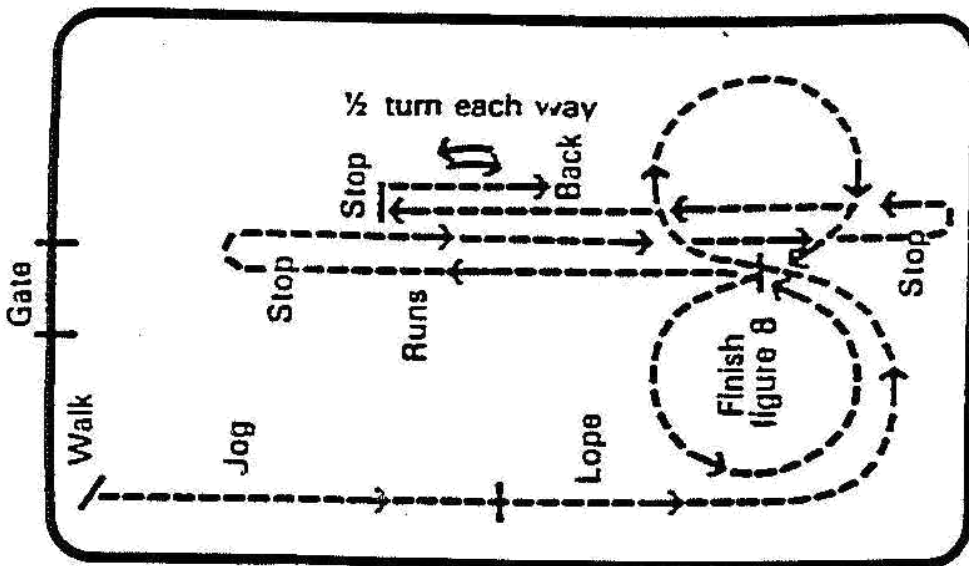

Walk five steps, then jog, lope after the log.

- Log
- Marker – 30'-50' apart

Reining Pattern

This is individual work. No group rail work is required. The horse will enter the ring at a walk, picking up the jog and lope where indicated on the pattern diagram. In the pattern, one figure 8 will be required. After the final run and stop is completed, back the horse at least ten feet. Settle your horse after backing before attempting the half turns.
