LIMITED RESUMPTION of 4-H In-PERSON ACTIVITIES

WSU State 4-H announced in March that with the shift to Phase 3 that in-person activities could resume in person under very specific circumstances, first and foremost being that if an activity can be done virtually it should remain in that format. 4-H Volunteers now have the opportunity to attend a virtual "Resuming In-Person" training to learn about the steps necessary to apply for in-person approval. It is an extensive process that ensures the health and safety of our 4-H family and our community.

After attending the training, volunteers will work with their clubs to complete a checklist and submit an in-person activity plan to the 4-H office. 4-H staff will review the activity plan and work with the volunteers to make sure all criteria are met. From there, it is sent to the County Director for endorsement, and then to the state 4-H office, and finally to the WSU Extension admin team for final approval. We anticipate this process could take up to 30-45 days.

Only activities that can't be accomplished virtually will be considered, and the group size is limited to a max of 15 participants and 2 certified 4-H volunteers. More information can be found on the [4-H In-Person Resources Page](#) and on our local [Resuming In-Person Page!](#)

Resuming In-Person 4-H Training Dates

- April 5th 6:30 pm
- April 9th 12:00 pm
- April 17th 3:30 pm
- April 20th 7:00 pm

OCTOBER 27-30TH, 2021

AROUND THE (HOME) OFFICE

Things have been very busy, and I've enjoyed getting out of the office to pass our Grab & Go Animal Kits!

In addition to developing the kits, putting them together, and distributing them, I've also been putting a lot of work towards navigating the requirements for resuming in-person 4-H. I've worked with our regional team to put together the required training materials and resources and we are delivering the virtual training multiple times this month. Our regional team is also working on the details for delivering another spring and summer of health & nutrition programming and I have had a lot of fun getting to know our teen teachers! Happy Spring!

We're here if you need us!
