Updated Covid Guidance

We have updated information for you about COVID-19 protocols. WSU 4-H will be following the same guidelines that were recently announced by Governor Jay Inslee.

The following **has** changed:

- There is no longer a restriction on serving food at 4-H events.
- Masks will no longer be **required** at 4-H in-person events as of March 12th, 2022.

What **hasn't** changed:

- The vaccine mandate for volunteers is still in effect – all 4-H volunteers must be vaccinated against COVID-19 or have an approved medical or religious exemption on file before they can volunteer.
- Everyone is still required to stay home when they are sick. Please refer to the WA DOH website for information about isolation and quarantine for COVID-19.
- The CDC continues to recommend physical distancing for anyone who is not up to date on their COVID-19 vaccines, or for those who are at higher risk of severe illness.

A note about 4-H and Belonging and Inclusion:

Some members of some groups may not feel safe (or even be safe) to engage with a group of unmasked individuals at this time. In 4-H we have a commitment to ensuring that each youth feels a sense of belonging, which includes both physical and emotional safety.

To that end, please maintain open communication within your clubs about what each person needs to feel and be safe. If additional supplies would help to meet this need, let us know. If you or someone you know is anxious about their own participation in 4-H events going forward, please reach out to the 4-H office. Our hope is that we can help everyone through this transition and help groups ensure that everyone feels safe and has a positive 4-H experience. Thank you for continuing to provide opportunities for your youth and communities!
