## County-Specific Policy 2017-2018

### State Policy Section

### County Policy

<b>4.6/13.4</b>	When posting a picture that could be used to identify a youth member (face is showing, etc.), use only first OR last name, NOT both.
<b>6.3</b>	No program of work is required. We ask that you submit a budget that details activities to the 4-H Extension Office by December 31.
<b>7.3.1</b>	A club must have an enrolled project leader for each project offered within that club; youth may choose to enroll in a second club for participation in a project area not available in their primary club.
<b>7.5</b>	A volunteer who fails to enroll for three consecutive years will be required to reapply for volunteer status. Additional training may be required as well.
<b>8.1</b>	All youth must participate in at least one county level educational activity to be eligible to exhibit at the Evergreen State Fair. If your club would like to host an activity, contact your program leader.
<b>8.2/13.3.2</b>	The minimum age for chaperones is 21 for club and county level activities within the county; state and beyond activities require age 25.
<b>13.3.1</b>	In some circumstances, the policy regarding youth and chaperones staying in the same sleeping quarters may be waived. Any and all exceptions must be approved by Extension Youth Development faculty.
