

WSU BEACH WATCHERS
Education. Research. Stewardship.

Bring Puget Sound to Your Classroom!

FREE presentations to enhance marine education studies in your classroom. Provided at grade-appropriate level and customized to meet all student's needs. No Field trip required!

NGSS Topics Include:

Interdependent Relationships in Ecosystems	Forces and Interactions with Tides
Marine Structures and Functions	Growth, Development and Reproduction of Organisms
Matter and Energy in Organisms and Ecosystems	Natural Selection and Adaptation

Bring Your Class to Puget Sound!

Students rotate through learning stations at Kayak Point or Mukilteo Lighthouse Park, as WSU Beach Watchers introduce beach exploration.

\$25 fee per class.

Contact Chrys Bertolotto for more info:
chrys@wsu.edu or (425) 357-6020

Applications due Friday, March 30th

Visit: extension.wsu.edu/snohomish/naturalresources/beachwatchers

2018 APPLICATION FORM

Please read carefully. Answer all the questions below so we can process your application.

Due to the popularity of this program, we will not be able to accept all applications. We will evaluate and process applications in the order in which they are received. **You must complete and sign the *Field Trip Expectation Form* and submit it with your application. Please return your application before the March 30th deadline.**

Will the classroom and field experience be applied to specific standards for this school year? If so which ones?

How do you plan to integrate the Beach Watcher Marine Education experience in your classroom both before and after the field trip?

Signatures - All Teachers MUST sign: (Four classes per field trip max. please!)

By signing below, we agree to abide by all field trip requirements as laid out in the 2018 Field Trip Expectations form.

Teacher Name _____ Teacher Name _____
Teacher Name _____ Teacher Name _____

Required Information:

Lead teacher name _____ Email _____
School Name / District _____
School Address/City/Zip _____

Preferred Beach: Kayak Point County Park (Stanwood) Mukilteo Lighthouse Park
Preferred Dates: 1st Choice _____ 2nd Choice _____ 3rd Choice _____

**Email to chrys@wsu.edu or mail to 600 128th Ave SE. Everett, WA 98208
With Attention to Chrys Bertolotto**

Thank you for your cooperation. We look forward to providing your students with Puget Sound marine education. Due to the high demand of this program we are asking that this form is signed and returned to us by **March 30th, 2018.**

2018 FIELD TRIP EXPECTATIONS

In order for this to be a positive field trip experience, WSU Extension expects the following:

1. It is the school and the parent chaperones' **responsibility to maintain overall classroom control and discipline at all times during the field trip.** We expect you to adhere to your school district's student to adult ratio for field trips and share our *Chaperone Tips* sheet with your chaperones before they get to the beach.
2. Please **do not schedule field trips during times when a substitute teacher will be leading your class.** In the event of your unexpected absence, please have another teacher from your school (rather than a substitute) attend the field trip in your place, or reschedule your field trip (if possible).
3. It is the classroom teacher's responsibility to arrange bus transportation and parking arrangements. Some sites are more difficult for buses; others require fees.
4. For field trip lessons which require parental or other adult chaperones, it is **your responsibility to recruit adult chaperones and share our *Chaperone Tips* sheet with them prior to arriving at the beach.**
5. For field trip support **we will provide a schedule and details of the activities** we will lead. We will request the classes break into smaller groups so please have that done prior to arrival. This structure will help insure your students get quality time with WSU Beach Watchers.
6. We will meet your bus when you arrive at the site to review beach etiquette and safety with the students prior to unloading or getting on the beach.
7. Review the field trip tips that will be provided and have students prepared for different types of weather.
8. It is not necessary to have divers to find intertidal organisms on the beach. However, if you intend to do so, please provide the name and contact information of the diver so we can coordinate our event with that person. Diver Name: _____ Diver Contact Telephone: _____
9. **Please have all teachers sign and return this form prior to cut-off date (March 30th, 2018) to ensure a confirmed date (teachers from the same school can sign one form).**
10. There is a \$25 fee per class for field trips. An invoice will be sent to you and payment is required no later than one month after your field trip. If you require a waiver, please contact Chrys Bertolotto at (425) 357-6020 or chrys@wsu.edu.
