Int5 When setting up a ventilation system for your rabbitry, what should you try to avoid?

Int6 How do you keep bacteria out of your water system?

Int7 Why should your rabbitry stay under 85°

Int8 True or False?: Himalayan rabbits may have a dewlap.

Int9 What are the 3 sources of energy for your rabbit?

Int10 Why is good ventilation important in a rabbitry?

Int11 Why is rabbit meat nutritionally sound meat?

Int12 When should you remove the nest box?

Int13 True or False?: One buck can produce over 500 offspring annually.

Int14 Why should you keep a litter together for at least 1 week after weaning?

Int15 If there is too much energy (protein) in the rabbit's diet, what will happen?

Int16 What can you do during breeding to increase your litter size?

Int17 What is a fryer?

Int18 During gestation, the doe's feed requirements change. What do they need more of?

Int19 What are 3 differences between new born Rabbits & Hares

RABBITS

HARES

Int20 How often should the bottoms of wire cages be brushed to remove stuck droppings?

Int21 How do you decide what the correct size of a nest box should be?

Int22 Name the 3 breeds that receive points for silvering?

Int23 True or False?: Rabbit meat can be prepared in only about 15 ways.

Int24 What is a crossbred rabbit?

Int25 Fill in the blank: To prevent heat exhaustion, keep energy intake as _____ as possible in the summer.

Int26 Why is feed scattered on the ground under cages not a good management practice?

Int27 What breed has a Hair Line?

Int28 The Himalayan variety of Netherland Dwarf is in what group?

Int29 What ages are 4-H Seniors?

Int30 How often does a doe nurse her kits?

Int31 What causes coccidiosis?

Int32 When you buy new stock or bring existing stock home from a rabbit show, how long should they be quarantined from the herd to prevent the spread of disease?

Int33 What breed of rabbit originated in Canada?

Int34 List the 5 reasons people raise rabbits.

Int35 What does Pot Belly mean?

Int36 Name 3 Breeds that the markings receive more points than the body type

Int37 What is the best way to prevent disease?

Int38 The Havana breed is a mutation of what breed?

Int39 How can enteritis be prevented?

Int40 Does a rabbit have to be registered to earn a grand champion certificate?

Int41 Will exposure to warm temperatures affect the fertility of male rabbits?

Int42 List 3 things to look for in selecting a breeding doe?

Int43 Can rabbits and hares be interbred?

Int44 What kind of fur has guard hairs the same length as the undercoat?

Int45 Fill in the blank: It is important to have a water system that is free of _____.

Int46 True or False?: A Buck can only give 399 off-spring annually.

Int47 How often should you change the bedding on a solid floor cage for a giant breed of rabbit?

Int48 Name the 3 spotted breeds

Int49 Why should you not leave the nest box in the cage longer than necessary?

Int50 What are the characteristics of a good nest box?

Int51 Where did the Silver breed originate?

Int52 How many degrees of vision does a rabbit have?

Int53 Why are white rabbits pelts the most popular rabbits skins?

Int54 When is it necessary to provide a salt spool for your rabbit?

Int55 What does a feed conversion ratio refer too?

Int56 True or False? A doe can produce 160 pounds of live weight meat in a year.

Int57 How do rabbit's get their B-Complex vitamins?

OR

Int58 Define Inbreeding?

Int59 Define Ear Lacing

Int60 What does Palpate mean?

Int61 Approximately how much water can a medium size doe and litter drink in a 24 hour period?

Int62 What is a "charlie"?

Int63 How many pounds of feed are required to produce one pound of meat?

Int64 True or False?: If the rabbit is fed extra fat it will dull their fur.

Int65 What is the treatment for Coccidiosis?

Int66 What chemical is present in rabbit manure, making it a good fertilizer?

Int67 True or False?: A rabbit must win four "legs" to be awarded a grand champion certificate.

Int68 Why do you feed weaned babies extra fiber?

Int69 What ages are 4-H Intermediates?

Int70 Why should the doe be on restricted feed immediately after weaning a litter?

Int71 What is the only rabbit that is going to produce a profit?

Int72 What breeds have "standup" or "upright" fur?

Int73 Besides Netherland Dwarf, which breeds are judged (or shown) in groups?

Int74 How many wool breeds of rabbits are recognized by the ARBA? Name them.

Int75 What country developed the New Zealand rabbit?

Int76 Is "wall eye" or "moon eye" a disqualification or a fault?

Int77 What are the 5 Netherland Dwarf breed groups?

Int78 What is a purebreed rabbit?

Int79 How long should you wait after giving a rabbit any drugs before slaughtering it?

Int80 How many times her own body weight can a doe produce in edible meat in a year?

Int81 How much do a rabbit's incisor teeth (front teeth) grow each month?

Int82 What is the most likely cause of failure to conceive?

Int83 In what breed of rabbits was the Satin mutation first discovered? (i.e. What breed did Satins come from?)

Int84 What is the average weight of a rabbit at birth?

Int85 Why is the third week in July special to rabbit raisers?

Int86. Name 4 of the breeds of rabbits that would be disqualified for a dewlap.

Int87 How often is the *Standard of Perfection* revised?

Int88 What does CONDITION mean?

Int89 When a rabbit is pulling her fur and carrying hay around in her mouth this usually indicates what?

Int90 When you handle a rabbit and the rabbit sounds like a water bottle sloshing what would be your guess as to what is wrong?

Int91 Lighting is very important to rabbits in the winter because?

Int92 Torching an all welded wire rabbit hutch means what?

Int93 What are the benefits of an "all welded wire" rabbit cage?

Int94 At what age must young rabbits be separated from one another?

Int95 What does the liver of a rabbit look like with liver coccidiosis?

Int96 What should you look for when buying a rabbit?

Int97 Should you loan your "breeder buck" to someone else for breeding for a period of time and Why?

Int98 True or False? The Flemish Giant is a good commercial meat breed?

Int99 Why is it not a good idea to breed a rabbit that is suffering from "Sore Hocks"?

Int100 Which of the following is a good reason for culling a breeder doe out of your herd of rabbits? 1) Wolf Teeth, 2) Sore Hocks, 3)Snuffles, 4) Biter, 5) All of the above.

Int101 What should you do if you buy used rabbit equipment before it is used in your rabbitry?

Int102 List 7 sources of income that a rabbit raiser can take advantage of?

Int103 True or False? If you let rabbit manure build up in the cage the rabbit may get liver coccidiosis from being in contact with it's manure.

Int104 "Burnout" in commercial rabbits is the result of what?

Int105 When a mother rabbit kindles out of the nest box you should do what?

Int106 True or False? All breeds of rabbits can be breed at the same age?

Int107 Why should you wait 30 days before selling a rabbit for meat after giving it medication?

Int108 How old is a rabbit when their front teeth stop growing?

Int109 How old is an "intermediate" rabbit for showing?

Int110 What is the definition of a disqualification?

Int111 How many recognized breeds only come in one color variety?

Int112 What color are young Champagne d'Argents?

Int113 List 4 Characteristics of a good hutch.

Int114 What is roughage?

Int115 Name the 3 species of true native American rabbits.

Int116 True or False. Four does and a buck can produce more meat annually than the average cow?

Int117 What is a "Strain"?

Int118 A defect in a rabbit makes it ineligible for competition is called what?

Int119 What are some "disqualifications from competition" that may be correctable?

Int120 What must a rabbit win to be eligible for a Grand Champion certificate from the ARBA?

Int121 What does BOSG stand for?

Int122 What disqualification are specific to the feet of the English Angora?

Int123 What disqualifications are specific to the Giant Angora head?

Int124 In what Country was the Giant Angora developed?

Int125 Name the 3 breed of rabbits where a senior will be disqualified if the ears are under 5 and 3/4 inches?

Int126 The colored markings on the rear feet of "Himalayan" marked rabbits is are called what?

Int127 What country did the Blanc de Hotot originate?

Int128 What are the six groups that French Lop colors fall into?

Int129 What is the only lop breed that doesn't have a crown?

Int130 In what country did the Netherland Dwarf originate?

Int131 In what year was the Holland Lop accepted into the ARBA Standard?

Int132 Give the two patterns that French Lops are shown in?

Int133 Name the Four varieties of the New Zealand Breed?

Int134 Name the breed of rabbit that was developed by Mr. Young of Coulee Dam, Washington?

Int135 In what country did the Mini Lop originate?

Int136 What are the classes for the Polish?

Int137 In what country was the Chinchilla color pattern first developed?

Int138 Name the white breeds that have points

Int139 At about what age do rabbits start showing their adult fur color and characteristics?

Int140 Small particles of tangled or matted fur or wool in Angora rabbits is called what?

Int141 Describe the Holland lop fur?

Int142 True or False? A coat that is shedding or molting badly is called a Slipping coat.

Int143 What colors are the Snowshoe Hare?

Int144 Name the 5 body types?

Int145 What does it mean that a coat has flyback?

Int146 What is the undercoat?

Int147 The lack of what in a Satin fur will disqualify the animal?

Int148 True or False?: A Silver may have a dewlap?

Int149 What country did the Silver Fox originate?

Int150 What breed has normal length fur and upright fur when stroked from tail to head?

Int151 What is the disqualification on Polish fur?

Int152 Why is slight underfeeding better than over feeding?

Int153 How can you prevent or cure "fur chewing"?

Int154 How does a rabbit normally file down its teeth?

Int155 How do rabbits get vitamin C?

Int156 Coprophagy provides adequate amounts of which vitamins?

Int157 Give another term for Venereal Disease in male and female rabbits?

Int158 Treatment for this disease would be to use sulfaquinoxaline or amprolium.

Int159 What can cause non-infectious diarrhea?

Int160 Why is hutch burn often confused with rabbit syphilis?

Int161 Name the 4 types of fur?

Int162 Kits born to does fed a diet deficient in vitamin A may have this problem.

Int163 How can hair ball problems be prevented?

Int164 What kind of fly grub burrows under the rabbit's skin?

Int165 The terms undercut, checks, and stops are used in describing what breed?

Int166 How is a rabbits temperature regulated?

Int167 Name the five breeds of "lop ear" rabbits?

Int168 What vitamins can rabbits synthesize from their feed?

Int169 Name 3 breeds having Chinchilla as part of their name?

Int170 Name the 14 breeds that have the variety Chinchilla.

Int171 What three parts of a rabbit make up the hindquarter?

Int172 What does "Carriage" mean?

Int173 What do you call the brightness and brilliance of fur?

Int174 When does a doe wean her young?

Int175 How many times does a rabbit molt?

Int176 What is the 4-H Motto?

Int177 Name the colored breeds that have points

Int178 What requirements must be met before you can register a rabbit?

Int179 Name 4 reasons you would foster a litter of kits?

Int180 What is "yellow fat"?

Int181 What is "Spraddle-Legged"?

Int182 What is an intermediate coat?

Int183 What is absorption in pregnant does?

Int184 What is "blue fur" disease?

Int185 What is "hydrocephalus"?

Int186 What is the purpose of vitamin "D"?

Int187 What is the function of vitamin "E"?

Int188 What is the purpose of vitamin "K"?

Int189 Define "PHENOTYPE".

Int190 Define "GENOTYPE".

Int191 What is Line Breeding?

Int192 What is outcrossing?

Int193 What disease is confused with Coccidiosis?

Int194 What is "crude protein"?

Int195 What is the purpose of "enzymes" and where are they produced?

Int196 What is the percentage of "crude fat" in a rabbit's food?

Int197 What is a "sport"?

Int198. What is "warbles"?

Int199 What is "papilloma"?

Int200 How do you know your rabbit has "Vent Disease"?

Int201 What is the difference between "Fly Back" and "Roll Back" fur?

Int202 What are the two patterns of the broken variety called?

Int203 What is a "meat pen"?

Int204 How are "meat pens" judged?

Int205 What are the 3 types of ear carriage called? (Give examples of each).

Int206 What are the five recognized eye colors?

Int207 What are the three ways to keep good health in your rabbitry?

Int208 The colored markings on the front feet of "Himalayan" marked rabbits are called what?

Int209 What 7 qualities do you look for in judging pelts?

Int210 Define "disease"?

Int211 What is a Novice in the 4-H Rabbit Project?

Int212 Are the groups of Jersey Wooly and Netherland Dwarf the same?

Int213 What does BOB stand for?

Int214 What does BOS stand for?

Int215 What does BIS stand for?

Int216 What does BOG stand for?

Int217 What does BOV stand for?

Int218 What does BOSV stand for?

Int219 What are the classes for the French Lop?

Int220 Define Agouti Pattern

Int221 Define Bowed Legs

Int222 What is a Breeding Certificate?

Int223 Define Cobby

Int224 Define Dead Hairs

Int225 Define Cots or dotted Fur

Int226 A dark, sooty appearing surface color, usually formed by a large number of dark guard hairs, found in many rabbits that carry the genetic factor of red, is called what?

Int227 Define Knee

Int228 Define Parasites

Int229 Define Snipey

Int230 Define Undercut

Int231 Define Salt and Pepper

Int232 Define Self Color rabbit.

Int233 Define Hog Fat

Int234 Define Broken Ear

Int235 What is a 6 Class?

Int236 What is a 4 Class?

Int237 What is "wall eye" or "moon eye"?

Int238 Do rabbits in a "meat pen" have to come from the same litter?

Int239 Name the 15 recognized breeds that only come in one color variety?

Int240 What ages are 4-H Juniors?

Int241 True or False? "Vent Disease" is caused by a spirochete organism.

Int242 What disease produces small vesicles or ulcers in the genitalia area which become covered with a heavy scab ?

Int243 True or False? "Rabbit Syphilis" is not another name for "Vent Disease".

Int244 In what year did the Jersey Wooly breed make its final presentation showing for acceptance by the ARBA?

Int245 True or False? A rabbit cage should be 1 cubic foot per 1 pound of rabbit.

Int246 List the 7 varieties of the Dutch

Int247 True or False? The nose marking found on a Himalayan is sometimes referred to as the "Smut"

Int248 What ages are included in 4-H Cloverbuds?

Int249 Sulfaquinoxaline is used to treat what disease?

Int250 Pelt stain found on Himalayans & Californians is called what?

Int251 List the 7 varieties of the Flemish Giant

Int252 Name five genetically caused defects?

Int253 The National 4-H Council is located in what city?

Int254 The Headquarters of the ARBA are located in what city?

Int255 How many breeds of rabbits are recognized by the ARBA?

Int256 In what year did the Broken Jersey Wooly make its final presentation showing for acceptance by the ARBA?

Int257 What local breeder developed the Blue Eyed White variety of Mini Rex?

Int258 In what year did the Blue Eyed White variety of Mini Rex make its final presentation showing for acceptance by the ARBA?

Int259 In what year did the Thrianta breed make its final presentation showing for acceptance by the ARBA?

Int260 In what year did the Mini Satin breed make its final presentation showing for acceptance by the ARBA?

Int261 In what year did the Otter variety of Mini Rex make its final presentation showing for acceptance by the ARBA?

Int262 In what year did the Sable Point variety of Mini Rex make its final presentation showing for acceptance by the ARBA?

Int263 In what year did the Chocolate variety of the Dwarf Hotot make its final presentation showing for acceptance by the ARBA?

Int264 In what year did the Broken variety of Netherland Dwarf make its final presentation showing for acceptance by the ARBA?

Int265 In what year did the Broken variety of New Zealand make its final presentation showing for acceptance by the ARBA?

Int265 In what year did the Chin, Opal, Red, and Siamese varieties of Mini Satin make their final presentation showings for acceptance by the ARBA?

Int266 Name the 12 breeds that have a PRE-JUNIOR class:

_____	_____	_____
_____	_____	_____
_____	_____	_____
_____	_____	_____

Int267 What is a Pre-Junior?

Int268 What are the symptoms of Warbles?

Int269 How do you treat Warbles?

Int270 What term refers to blue-green pigmentation of the dewlap fur caused by moist skin from regularly dragging it through water?

Int271 What is "Crude Fat"?

Int272 What is "Crude Fiber"?

Int273 What is "protein"?

Int274 In what year did the Lionhead breed make its final presentation showing for acceptance by the ARBA?

Int275 In what year did the Chinchilla variety of Dutch make its final presentation showing for acceptance by the ARBA?

Int276 In what year did the Blue, Silver Marten, & Tortoise varieties of Mini Satin make their final presentation showings for acceptance by the ARBA?

Int277 How should a Lionhead be posed?

Int278 What is the definition of "Transition Wool"?

Int279 What term refers to equal distribution of corresponding markings on marked breeds

Int280 What is the term for a localized area of inflammation caused by an infection under the skin, in a gland, or in a hair follicle?

Int281 Define Broken Coat.

Int282 What is defined as a system of arranging the judging within different breeds?

Int283 What is the term for a body type fault in which there is an abrupt and sharp vertical fall from the top of the hip to the tail; also meaning not well filled out and rounded?

Int284 What term means well-formed markings without congestion or drags?

Int285 What is the term for hind legs that turn inward at the hock, causing the toe portion to turn outward from the body?

Int286 On marked breeds, what are centered below the eyes where the whisker emerges?

Int287 What is a Cheek Spot?

Int288 Eye Color is determined by what part of the eye?

Int289 Where is the Flank on a rabbit?

Int290 What is Foreign Color?

Int291 What term refers to the reflection, luster, or brightness from a naturally healthy fur?

Int292 What is an Import?

Int293 What are Tassels?

Int294 What are Fringes and where are they found?

Int295 What term refers to the lower part of the face and nose of the rabbit?

Int296 What term refers to a rabbit which is broken up by an orderly placement of another color?

Int297 What term describes the feel, or tactile surface characteristics of fur?

Int298 What is the mutation causing a greater translucency of the outer hair shaft allowing the pigment granules to show through more clearly and reflect more light producing sheen?

Int299 What term refers to a marking occurring in an area that should be devoid of markings?

Int300 What term describes a slim, trim, alert, harelike rabbit which is long and slender in body and limbs?

Int301 Define Topline.

Int302 What term refers to wool and guard hair on the tips of the ears not so long or heavy as to be considered furnishings?

Int303 What is the term for the physical characteristics of conformation or structure unique to each recognized breed?

Int304 What is the term for wool fibers that are beginning to felt or mat?

Int305 What is the term for the longer wool appearing at the front base of the ears and top of the head in some wool breeds?

Int306 Name the breed of rabbit that was developed by Theresa Mueller of Ravensdale, Washington?

Int307 Name the 2 breeds that have equal points for the markings and the body type:

Int308 In what year did the Argente Brun breed make its final presentation showing for acceptance by the ARBA?

Int309 In what year did the Blue variety of New Zealand make its final presentation showing for acceptance by the ARBA?

Int310 In what year did the Himalayan and Squirrel varieties of Mini Satin make their final presentation showings for acceptance by the ARBA?

Int311 In what year did the Chocolate and Seal varieties of Lionhead make their final presentation showings for acceptance by the ARBA?

Int312 In what year did the Lilac variety of Havana make its final presentation showings for acceptance by the ARBA?

Int313 Name the breed of rabbit that was developed by Charmaine Wardrop of Bellevue, Washington?
