Thinking of Fair...Wish we were there!

New Stuff:

FOURWARD Fund

Nationwide, the #FOURWARDFund has been launched to allow 4-H to continue supporting youth with activities and resources to continue learning amid COVID-19. *Even a small donation can make a big difference.*

Perhaps you are one of the people who thought enrollment fees should be raised this year (they won't be); consider channeling your investment in our youth through the FOURWARD Fund: <https://bit.ly/Snohomish4H>

Thanks!

Fairground Pics Needed

Missing Fair? You may have heard about the multi-project group of 4-H youth who are recreating the Evergreen State Fairgrounds in Minecraft. In order to be as accurate as possible, they are seeking pictures that show various buildings and other structures on the fairgrounds. If you have some from past years that you'd be willing to share, please send your best shots to snoco4htech@gmail.com. Thank you!

Financial Management Training

In January it was announced that all club/program leaders and treasurers have a WA State 4-H Financial Management training module to view annually. If you haven't yet been included in the 2020 4-H year cohort, there's still time! The module is hosted on eXtension at <https://campus.extension.org/course/index.php?categoryid=159>. The enrollment key is SNOHOMISH, and the module takes about 30 minutes. Thank you!

Reminders:

Bandana Distribution

Remember the bandana design contest? The 4-H Bandanas are ready, and now we need to get one to each and every 4-H member in our county! Please fill out the following survey to let us know how you would like to receive your bandana: [4-H Bandana Distribution](#). We appreciate Flyin' Lions for sponsoring this project to help unify our members during this challenging time.

Volunteer Annual Update

If you missed the annual volunteer update, you can still watch it before the end of the 4-H year! Be sure to take the tiny survey at the end, so we can give you credit for watching. <https://extension.wsu.edu/snohomish/2020-annual-volunteer-update/>
