Woohoo!

Huge kudos to Dena Edgecombe, who has served as our Dog Program Leader for the past few years! Thanks so much, Dena! She is hanging up this particular hat but will still be wearing the others.

Thank you, Holly Ramsey, for your willingness to take on the role of Dog Program Leader moving forward!

New Stuff:

COVID-19 Vaccine Questions Answered

Infectious disease expert Dr. Guy Palmer answers common questions about the vaccine in a new video series from WSU: <https://tinyurl.com/3rnscpf>

Play “Solve the Outbreak”

Become a disease detective and save lives with this intriguing game from the CDC:

Reminders:

Spring Workshop Opportunities for Volunteers: April Evenings

Volunteers can take Project leadership, Group Basics, Delegation, and Conflict Management workshops in April, on various evenings! More details at <https://extension.wsu.edu/snohomish/4h/volunteers/continuing-education-for-4-h-volunteers/spring-4-h-continuing-volunteer-education/>

Enrollment Deadline Extended

Due to the high number of folks needing last-minute help with enrollment, and our inability to handle all those requests in a timely manner, the deadline for 4-H enrollment at <https://v2.4honline.com> has been extended to April 15th. This is the deadline for those wishing to exhibit in the 4-H portion of the Evergreen State Fair (status of which has yet to be determined).

Propose an In-Person 4-H Activity

As we are in Phase 3 of the Roadmap to Recovery, proposals are being accepted for in-person gatherings of up to 15 participants. The required orientation for all participating volunteers is offered Wednesdays and Fridays at 6 p.m. during virtual office hours (see below) or by special arrangement.

Virtual Office Hours

Every Monday, Wednesday, and Friday, at least one 4-H staff member is available in our virtual Zoom room for whatever you'd like to discuss. 3:30 – 6:30 p.m. <http://extension.wsu.edu/snohomish/4-h-office-hours-stay-home-stay-healthy/> In-person orientation is at 6 p.m. Wednesdays and Fridays.
