Sno-Isle Libraries Are a Resource for YOU

- Consider a club tour at the Snohomish Library, with a focus on specific project resources.
- Get the word out on your club; reserve a display cabinet at your nearest library and have the club design a promotional display.
- Reserve a meeting or study room at the library, for free!
- Each library card holder has \$7.00 each week to use for printing and copying. You can even send print jobs from home and have us print for you!
- Go to sno-isle.org and explore databases on science, technology, government, history, animals and more! All the Great Courses are available for streaming through Kanopy, Creativebug, has free online video classes on arts & crafts, including sewing, and Microsoft Learning has technology training, all free through your library.
- Want to display 4H photography projects or other art projects? Or maybe your club would like to put together a library-sponsored public program showcasing and sharing their knowledge on animal care or other projects?

Consider teaming up with the Snohomish Library on any of the above!
