WSU Master Gardener Clientele

**Confidential & Voluntary**

The WSU Extension Master Gardener program is part of a land-grant university system. The land-grant university system was built on the principle that all people should have access to education. The WSU Extension County Master Gardener program wants to ensure we uphold this principle in our work.

Additionally, Washington State University Extension and its programs are federally funded and as such are required by the Civil Rights Act to report demographic information for employees, volunteers and community persons who seek our services. Please complete this form and return it to your local program coordinator or WSU Extension Master Gardener volunteer.

Our goal for collecting this information is to see how well we uphold the land-grant principle of access to education. We summarize the race, ethnicity, and gender of volunteers and of the people we serve to determine how closely WSU Master Gardener programs are to balanced participation in each county.
