MOST CREATIVE PEOPLE IN BUSINESS OF 2017

Two weeks ago, *Fast Company* announced its annual ranking of the 100 Most Creative People in Business, featuring National 4-H Council and Jennifer Sirangelo, president and CEO, at the No. 46 spot! The list is included in the June hardcopy issue, which is now available on newsstands or read online at <https://www.fastcompany.com/person/jennifer-sirangelo> “Our alumni are at different places than you might think—from NASA to the NBA to Facebook,” Sirangelo says. “Ten governors and over 50 members of Congress are 4-H alumni.”

ANIMAL MGMT & OWNERSHIP DEADLINES - Goat, Swine, Sheep, Dog, Cat & Dairy Heifer Replacement
More information is available at (<http://extension.wsu.edu/4h/>) under section 9, "Animal Management and Ownership." Section 9.6 States: Animals must be under the 4-H member's regular care and management for the following periods of time prior to the official county exhibit activity, including junior livestock shows (*dates listed in parenthesis are approximate and vary based on annual county exhibit dates*):

Breeding Beef - 90 days (*May 1st in GH (May 9th in 2017)*)

Equine - 90 days (*May 1st in GH (May 9th in 2017)*)

Llama - 90 days (*May 1st in GH (May 9th in 2017)*)

Dairy - 90 days (*May 1st in GH (May 9th in 2017)*)

Dairy Heifer Replacement - 60 days (*June 1st in GH (June 9th in 2017)*)

Goat - 60 days (*June 1st in GH (June 9th in 2017)*)

Sheep and Swine (Breeding and Market) - 60 days (*June 1st in GH (June 9th in 2017)*)

Cats - 60 days (*June 1st in GH (June 9th in 2017)*)

Dogs - 60 days (*June 1st in GH (June 9th in 2017)*)

Cavies - 45 days (*June 15th in GH (June 24th in 2017)*)

Rabbits and Poultry - 45 days (*June 15th in GH (June 24th in 2017)*)

Animals raised by the 4-H member from birth or hatching are exempt from the minimum time periods.

PRE-ORDER 2017 NATIONAL YOUTH SCIENCE DAY KITS – Incredible Wearables

... submitted by Kristi Axtell

The 2017 National Youth Science Day engineering challenge, *Incredible Wearables*, is now available for pre-sale! Developed by University of Nebraska-Lincoln, *Incredible Wearables* is a hands-on project that challenges young people to use the engineering design process to build a wearable fitness tracking device that will help people lead healthier lifestyles. The 75 to 90-minute project is highly adaptable and is suitable for 4th-12th graders. The \$1 pre-order discount is reflected in the \$23.95 price point and kits will be available for pre-order at this price until mid-July. After mid-July, the standard price of \$24.95 will go into effect. **Buy 2, Get 1 Free Thanks to DuPont!** Through a generous partnership with DuPont, the 4-H Mall is offering one free kit for every two purchased! For every two Incredible Wearables kits you order, you will receive 1 for free automatically. For example, if you would like 6 kits, place an order for 4, and we will add 2 more to your cart at no extra cost to you. This deal is available while supplies of free kits last, or until June 1st, whichever comes first. Free kits are limited to 5 per customer.

SUMMER CAMPING OPPORTUNITIES - Early Bird registration ends Friday, June 2nd
Camp staff have been working hard to present outstanding camps this summer!

> **4-H Summer Camp.** Looking for some adventure blended with a traditional camping experience? Campers spend the week enjoying a myriad of activities, including swimming, hiking, arts, music, cooking, and making new friends! Awaken to birds singing and fall asleep to the stars (or exhaustion). Bring your positive energy and your sense of adventure! Camp runs July 9-14, 2017. Registration forms will be available soon at <http://extension.wsu.edu/graysharbor/4-h/camping/>
Early Bird registration for enrolled 4-H members ends Friday, June 2nd.

CITIZEN SCIENCE POLLINATOR PROJECT – June 6th

Eli Bloom, a PhD candidate in the Department of Entomology at WSU has been helping with a research project to study wild bees in the Puget Sound region on small-scale diversified farms for the past 3 years.

Recently he has been working with growers in a citizen science program to monitor bees and pollination on their farms. He is mainly interested in working with gardeners and growers of small fruits and vegetables, ranging from monocultures, to those that produce many different crops in a polyculture type system. He is interested in how that diversification of crops impacts bee communities and pollination.

This spring Eli has been emailing growers throughout western Washington to enlist their help in this project, and somewhat surprisingly, there has been a substantial response. Some of these responses came from Grays Harbor County. He is hosting a training session where he can teach these growers how to monitor bees, and report these data.

If you farm or garden small fruits and vegetables and would like to participate in a citizen science program to monitor bees and pollination, please read the information below.

An hour-long training with Eli Bloom is scheduled for Tuesday, June 6th, from 5:30-6:30 p.m. at the WSU Extension office in Elma (32 Elma-McCleary Road/County Fairgrounds).

You must register to attend: <https://nwpollinators.org/citizen-science/registration-for-polycultures-and-pollinators/>

OPPORTUNITY TO PILOT 4-H GLOBAL CITIZENSHIP LESSONS

... submitted by Kristi Axtell

Are you looking for a way to connect your 4-H club to cultures around the globe and help your youth develop life skills that will help them be successful in our interconnected and global society? This Spring, WSU 4-H is looking for a few 4-H clubs or groups (adults and/or youth) to pilot our new 4-H Global Citizenship Lesson plans. These short, interactive lesson plans will teach youth and adults about 4-H global connections, hunger, culture, and about Burundi (a small country in Africa that WSU 4-H partners with to help start 4-H school gardens). For example, one of the lessons teaches youth about basket weaving and includes an activity teaching youth how create their own basket out of newspaper. Each lesson plan is about 15-20 minutes long and can be easily incorporated into a 4-H club or committee meeting.

Would your club be interested in helping our project? If so, please contact us! We are looking for clubs or groups to pilot a few lesson plans and then provide feedback about the lesson plans. The lessons can be taught by an adult volunteer, 4-H staff member or a teen leader—it's up to you! If you are interested in this opportunity please contact Lauren Hrnccirik at lauren.hrnccirik@wsu.edu or 509-754-2011 ext. 4314 or Mary Katherine Deen mdeen@wsu.edu or 509-682-6956. Please feel free to promote this opportunity in your county's newsletter or Facebook page. Thank you!

SHARE YOUR WORLD - HOST AN INTERNATIONAL YOUTH

... submitted by Dianna Ullery

Looking for some excitement and fun this summer? Host a youth delegate from Japan or Korea in your home for 3 ½ weeks (July 23 – August 17). Washington 4-H International Exchange Program is offering volunteer hosting opportunities for families. A host sibling should be the same gender and within 3-4 years of the delegate's age. Adult chaperones from Japan and Korea will also stay with host families.

Who are these youth delegates? [Click here](#) for a list of delegates and their interests. They are sons and daughters, sisters and brothers, much like the children in your own family. They are curious, engaging, excited to meet you, and looking forward to learning about family life in the US. While particular matches cannot be guaranteed, every effort is made to match shared interests.

How do we apply to host? [Click here](#) to apply online at the States' 4-H International Exchange website. If you haven't hosted before you'll be contacted for an in-home interview.

Who do I contact? If you're interested, please act quickly! Japanese and Korean youth are anxiously waiting to learn who their host families might be. If you have questions send me an email or give me a call. I'm happy to answer your questions. Dianna.ullery@wsu.edu

Deadline? Applications to host will be accepted until all of our youth delegates and chaperones are placed, BUT the earlier the better for everyone involved. Please SHARE this message with others who might be interested in this exciting opportunity. This program is open to all families in all communities in Washington, so let your friends and neighbors know about it.

PANHANDLE CAMP TRAIL CLEARING & COMMUNITY SERVICE – RSVP by June 12th

... submitted by Rhonda Borden, Panhandle Board Representative to GH 4-H Council.

For more info, call Rhonda at (360)482-5528 or email nooperdoo@aol.com

The Grays Harbor 4-H Council, in partnership with the Panhandle Lake Camp Board of Directors present: Trail Clearing & Community Service Weekend!

Activities will start at 7pm on Friday, June 16th and go through the afternoon on Sunday, June 18th (whenever folks want to depart, 5pm being the latest). Teams will be working on clearing the trails around the lake and any other tasks that facility staff could have available.

Folks with adult supervision can RSVP with Rhonda to bunk in the dorm or the lodge.
RSVP and reserve a bunk by Monday, June 12th

Items to bring: outdoor clothing, boots, jackets, snacks, and toiletries and bedding for overnight. Tools like shovels, rakes, weed trimmers (run by older teens or adults) and clippers or wheelbarrows would be welcome. Panhandle Board Member, Linda H. will be cooking! This event will count as community service for those who need hours. Summer camp counselors will be on hand to facilitate activities with the kids ... get ready for campfires at night with songs and s'mores!

STATE 4-H FAIR SMALL ANIMAL & LIVESTOCK SCHEDULE
