

Please take a moment to fill out the form below.

If you have previously registered your phone(s)/email(s), you can register them again if you need to update the name/address.

Hyper-Reach, by default, will call your home phone number in the event of local emergencies or community alerts, but **NOT Weather Alerts (without signing up)**.

Registering the additional information below with the Community Alerts option will allow your cellular phone, email, and/or TDD to be notified for local emergencies and community alerts as well.

Selecting the Weather Alerts option below will enable weather notifications to any phone or email address. If you do not opt-in to Weather Alerts, you will not receive them, even on your land-line.

The information provided will not be used for any purpose other than community announcements and weather alerts.
