MARKET GARDENING AT SWEET MEADOWS RANCH

Come hear about the process used by Sweet Meadow's Ranch to grow vegetables for selling at farmers markets and through a CSA.

In this informal event, Meadow and Nils Johnson of Sweet Meadows Ranch will share their planning, organization, planting, drip irrigation, weed control and marketing best practices. Come ready to ask questions and share in the conversation around growing high quality vegetables at a small direct marketing production scale.

For more information and to register contact WSU Stevens County Extension at (509) 684-2588.
