

<b>2020 WSU/UI Master Gardener Classes</b>			
Tuesdays from 1:00 to 4:00/4:30 pm			
Clarkston Campus of WWCC			
<b>Notes-</b> 1) We will try to record all sessions using Zoom; 2) We can have the classes available live at other locations (ie., Colfax via Zoom); 3) For Kate Patterson's Herbaceous Landscape Plants presentation, may want to include a visit to Patt's Garden Center to provide some "hands-on" applications to her topics. 4) We will encourage each presentation to have a "hands-on" component as part of the class/topic.
