What is the Quick and quick stop

**GOOD SUMMARY ( tell them what you just told them) (*highlighting the most important information*)**

**Now that you know that long nails can be harmful you will need to remember to check the length of your dogs nail monthly to help you decide when they need to get trimmed.**

**Buy high quality cutting tools the proper size for your dog.**

**Take the time to train your dog get him use to having his feet and nails touched**

**Make sure you start out by cutting only a small tip of the nails each time so you do not cut into the quick.**

**If you cannot train your dogs nails find a groomer or vet office that you trust.**

***Short closing statement:***

**Remember the advantages of Short nails. they can help your dog age with out feet and leg problems and your house and skin will thank you.**

Bad summary sample: Today I told you Why your dogs nails kneed to be trimmed, How to trim the nails and what tools you need.

**GIVE YOUR SOURCE OF INFORMATION:**

I got my information from the Home veterinary care book, Dog grooming book, and the 4-H dog learning guide. And my 4-H leader who helped my get the information I needed.
