

LINCOLN COUNTY 4-H HORSE PROGRAM POLICY

Supplement to:
The State 4-H Policy and The Lincoln County 4-H Leaders' Council Policy
Revised 11/01/10

Preface:

4-H Horse Member and Parents! You are lucky to be in a county with one of the best 4-H Horse Programs in the State! The amount of time your Horse Leaders devote to club work and organizing activities is unprecedented.

The Lincoln County Horse Leaders meet about 10 times a year. This group functions as a sub-committee of the Lincoln County 4-H Leaders' Council. The public is invited to attend the meetings to help plan, conduct, and evaluate the Horse Program. Only enrolled leaders and teen leaders are eligible to vote. In an effort to establish safety, fairness and consistency within Lincoln County and to synchronize the program with the State 4-H Horse Program, the Leaders have adopted the following policy. This County Policy is no less restrictive and is intended to supplement State 4-H rules and guidelines for horse projects.

SECTION I HORSE PROGRAM MEMBERSHIP

- A. 4-H Horse Programs accept membership from all youth ages Kindergarten to 19 years of age regardless of sex, race, income or religion. Special accommodations for members with disabilities may be requested. **Members must be in the 3rd grade and have reached their 8th birthday by January 1 of the current 4-H year to compete or handle live horses in 4-H project work.** Primary members (K – 2), however, may take the following projects: Horseless Horseman, and Self-determined Animal Science.
- B. In the interest of safety, a leader has the right to limit maximum club membership, especially when parental assistance is limited.
- C. A 4-H horse project member must have access to a horse for project work **except** in the case of the Horseless Horseman Project, which encourages any youth to learn horse science without owning or caring for a horse. Immediate family members may share the same project horse. Members sharing a horse can not compete in the same class at the same time.
- D. Dues or uniforms may not be **required**. Fees to cover costs of supplies, texts, insurance, etc. may be collected.
- E. Each club is required to annually subscribe to 4-H accident insurance. Family 4-H groups are not eligible for annual club accident insurance. At their discretion, they may purchase special activities accident coverage to attend official 4-H events if the sponsor does not provide accident coverage. Contact the WSU Extension office for more information on insurance.
- F. The leader and the group set the group's own policy for receiving a year pin or completion recognition. (see section VI A and *Lincoln County 4-H Program Policy #32*).

- G. To be eligible for competition, member and corresponding leader must be officially enrolled in Horse Projects listed in EM2778, *4-H Projects and Publications*. A Family 4-H member must be enrolled in a listed Horse Project. A family 4-H parent may be officially enrolled as a 4-H Horse Leader only if certified through Lincoln-Adams 4-H training.
- H. Each horse used for 4-H project work may be owned or leased by member or members and must be under the member's care 90 days prior to the qualifying show(s) or county fair. A photo ID add sheet of the member's 4-H horse project, in addition to a parental release, in order to participate in county events must be postmarked by April 1st. The State Qualifying Committee reserves the right to require an earlier deadline for members intending to qualify for State Fair competition. (See Section IV, A, 6 - 7).
- I. Members simultaneously enrolled in 4-H and FFA must have separate projects or animals for each program during the same calendar year. The program year is October 1 to September 30. For example a member may carry a horse project for FFA and 4-H as long as he or she uses a different animal and project for each program. See "*Memorandum of Understanding between Agriculture Education Washington FFA Association and WSU Extension 4-H Youth Development Program*" (copies available from extension office.)
- J. Members who access a horse from outside family ownership are responsible for developing individual lease arrangements and understanding of liability with owner.
- K. Transportation arrangements for member and member's horse to all club, county, area, and state events; are entirely the responsibility of the 4-Her's family. Volunteer 4-H leaders are discouraged from transporting members' horses.
- L. County 4-H horse activities rely on adult and teen volunteers willing to plan and conduct the events. Enrolled horse program volunteers, parents of family 4-H members and Sr. 4-H members are encouraged to assist with the planning or management of horse activities.

SECTION II PHILOSOPHY OF HORSE 4-H

The 4-H Horse Program's purpose is to provide experiential learning for any youth in life skills, equine sciences, and in club or community work. The club is the "heart of the school"; the leaders, the "superintendents of schooling"; and the texts, support, and leader training are provided by W.S.U. Extension. Jointly, the leaders of the Lincoln County Horse Program plan, conduct, and evaluate County educational activities for all horse members in cooperation with the local WSU Extension Office.

4-H is not in the business of sponsoring horse shows, rodeos, gymkhanas or any other contest for the sake of competition. There are open events available if a youth is pursuing that end. We recognize that there are some practices in the open show world that might misrepresent the horse and/or rider. 4-H members and volunteers are expected to abide by the *Lincoln County 4-H Horse Program Commitment to Excellence*. 4-H is in the business of building and modeling ethical character as outlined specifically in the National Show Ring Code of Ethics.

4-H competitions use the Danish System of evaluation. Participants' efforts or exhibits are judged against a standard. Individuals are not to be compared against each other to determine ranking.

SECTION III AVAILABLE 4-H PROJECTS

Consult the current EM 2778 *Guide to Projects and Publications*. It lists all materials and resources available for the 4-H Horse Project. Leaders must order all 4-H members' material from WSU directly (see order form in EM2778). Certified Leaders may order accompanying Leader manuals to projects from the local Extension Office.

 - a. If there are suitable candidates, alternates will be selected. Alternates will be notified in the event that a qualifier is unable to attend.
 - b. The Horse Qualifying Show Chairperson may restrict qualifiers to fewer than the State quota if the Summer Sizzler Show participation is low and/or inexperienced. To restrict qualification, the Chairperson and Judge must concur that safety would be a challenge for top ribbon placers to move on to the State level competition.
9. In a given year, if more than one opportunity is approved as a Performance, Harness Driving, or Games Qualifying Event, then the best score from either event will be used for those who participate at both shows.
 - a. If there is still a tie after record book scores and Showmanship scores are considered, then answers to a set of general horsemanship questions or a “situation” will be used to determine placing.
 1. All possible tied contestants will be notified prior to the Lincoln County 4-H Horse Program meeting following the Summer Sizzler Show. Potential Qualifiers should be prepared for very short notice and be prepared to attend the Horse Program meeting.
 2. The written questions or “situation”, determined in advance by the Horse Performance/Games Qualifying committee, will be given to each tied contestant. Contestants will then be allowed 20 minutes to prepare the answers to the questions.
