WSU Variety Testing Program PNW Crop Tour Schedule

The 2021 crop tour season will soon be starting and provides opportunities to view field trials and interact with Washington State University personnel. WSU is committed to providing a quality experience for stakeholders this year, while still complying with current CDC guidelines including wearing masks and social distancing if recommended. The list below provides an outline of when each small grain variety tour will be offered in Washington.

Please check with the contact listed prior to the tour to verify the time, location, and agenda or reach out to your local county wheat growers association or other co-sponsor. Location maps for the WSU Cereal Variety Trials are available online at <http://smallgrains.wsu.edu/variety>. We would like to thank the wheat growers and Washington Grain Commission for funding to support the trials and tours, and we look forward to seeing you in the field!
