

Sewing for the Holidays with TaylarMade Tailoring by Taylar

Come get into the spirit of giving and join in on some Holiday Sewing at WSU Spokane County Extension Office with Taylar Franz. Make something for yourself, or give what you make as holiday gift. You will learn some valuable sewing skills from an expert and have fun with other 4-H'ers. **All supplies are provided!** Taylar Franz is the owner of TaylarMade Tailoring, based in Rockford, Washington. She began sewing as a child enrolled in a Spokane County 4-H club through which she also showed livestock for many years. In junior high, she began clothing design through 4-H; this evolved into the creation of camouflage formal gowns after high school graduation. From there, she worked in alterations at David's Bridal and has recently moved into her newest endeavor: teaching others that sewing can be fun, stress-free, and useful!
