Rule needs to state: Qualifying shows are open to all youth regularly enrolled in 4-H horse projects in Spokane County. Year

payments at shows - All fees must be paid in full before receiving your number. NO EXCEPTIONS!
Fees must be paid up before the weekend is up. Open checks may be left at the office and filled out when the exhibitor is done showing.
The show committee is extremely busy trying to get the show set up and started. In my experience I do not believe that they will have enough bodies and time to get all payments before exhibitors show. Previous experience has shown that debit cards can only be taken by the treasurer, and sometimes they can not be there each day before showing. Collecting money before the number is given means that someone with the square needs to be available every day before showing. This clogs up the office in the morning and takes away from riders meeting, general set up and normal horse show tasks. In the past 6 years we have NEVER had anyone not pay up for a show.

Walk trot definitions
The rule book currently states: Exhibitors will not lope or canter in the Walk/Trot Class. This is a Walk/Trot class for beginning Juniors and Novices who are not ready to canter or lope. They must enter the Junior Showmanship class if a Junior, or the Novice showmanship class if they are a Novice. Exhibitors may enter English and/or Western Walk/Trot, Trail Walk/Trot, Ground Poles, and Dressage English and/or Western Intro Tests A and B. Exhibitors may not cross enter any class with loping or cantering. Once an exhibitor has competed in a lope/canter class in any discipline, (except Dressage), they may not go back to walk/trot. Walk/trot is based on the rider not the horse.

Needs to state: Exhibitors will not lope or canter in the Walk/Trot Class. Walk/Trot classes are for beginners who are not ready to canter or lope. Exhibitors may enter English and/or Western Walk/Trot, Trail Walk/Trot, Ground Poles, and Dressage English and/or Western Intro Tests A and B. Exhibitors may not cross enter any class with loping or cantering. Once an exhibitor has competed in a lope/canter class in any discipline, they may not go back to walk/trot. Walk/trot is based on the rider not the horse.

Add a paragraph for Novice classes.

Small Equine In-Hand: See complete manual
The small equine in-hand division was developed to provide a place for horse project members whose equine may be too small to ride. Throughout this document, when the word "equine" is used it specifically refers to small equine. Unless otherwise specified, exhibitors may wear standard western or English attire as described in the PNW Contest Guide. Eligibility for Showing Height Small Equine In-Hand classes are open to any equine (miniatue horse, pony, donkey or mule) that is 48" or less when measured at the highest point of the withers Please note that this may be a different way of measuring than what miniature horse owners are used to. If you have used the height at the last hair of the mane before, you will need to remeasure your equine at the highest point of the withers.

7. Why is this policy important to change or add?
The original policy allowed for confusion as to the definitions of project horse and activity horse. There were differing requirements for eligibility for horse camps and shows based on when the horse certificate was filed. These definitions were consolidated and listed for clarity. "Possession" was defined according to the Snohomish Policy book to place the emphasis of knowing the horse for safety rather than horse certificate policy submission date. Added that a list of horse certificates should be published to show committee for verification of award eligibility.

White Danishes
The rule book currently states: Any white ribbon receives 1 point only, including those placing in the top 3. My proposed change is: White ribbons are one point plus the earned rosette score just as blues and reds are. This will be consistent across the board for horse shows, high points and year end awards. White ribbons do not qualify for state fair. We will add a white ribbon chart to the rule book to match the blue and red charts.
This change will help provide consistency and clarity for all points collected and leave no room for error.

The “Record Book Progress Check Off” must be signed by a member of the Horse Project Executive Committee.

Leaders are encouraged to sign the “Record Book Progress Check Off” at the end of the Record Book any time they review a member’s record book, discuss goals, assist with project planning etc.

Record Books are submitted as the work of the 4-H member, and should have minimal assistance from an adult.

7. Why is this policy important to change or add?
In the current book there are a few places where the policy conflicts or isn’t applicable. This clarification reconciles the check off process with consistent language and procedure.

Record Book Educational Competition

Only members enrolled in Spokane County 4-H will be allowed to enter the Record Book educational contest and should reflect the project year October 1 to September 30.
Record books will be turned in to the 4-H office for year end judging prior to the October Horse committee meeting. Once books are turned in or left at the 4-H office for the intention of judging, they are considered complete and in the care of the Record Book Committee.
Books will be judged according to the rubric posted on the 4-H Spokane County website page.
Record books will be judged by two or more judges with scores averaged and awarded using the Danish System.
Achievement awards will be given at the discretion of the Record Book committee.
Year end Record Book submission is required to be eligible for year-end awards.
4-H members should demonstrate a good faith effort in completing their record book.
Record Books are submitted as the work of the 4-H member, and should have minimum assistance from an adult. Parents should notify the committee in writing (with submission of the record book) if there are special considerations due to a member’s disability or circumstances.

7. Why is this policy important to change or add?
   It allows record books to be added as an education competition event, recognizing the significant amount of work that youth put into these books. It adds diversity to the types of educational competitions.

State fair
The rule book currently states: All horse members trying to qualify for state fair with their horse or for horse judging, horse presentations, or groom squad must submit their current record book to the 4-H Office by the Friday following the 3rd qualifying show. Those horse members trying to qualify for state competition in Horse Bowl or Hippology must submit their current record book to the 4-H office by March 1st.
This needs to state: we do not have a 3rd show, please replace all with 2nd show.
We need to change this because we do not have a 3rd show

3 day high point

For a 3 day high point I propose that we should have two different awards 1. Versatile Horse and Rider (same horse, same rider all weekend high point award. ALL points from the weekend in ALL divisions) 2. Versatile Rider (One rider with multiple horses ALL points from the weekend in ALL divisions). Both awards for Seniors, Intermediate, Junior and Walk Trot divisions.

This new policy for 3 day, now two different high points, is more fair in the long run. This would include all points the kids earn making these true high points versus the old system of it being more of a lottery system of picking 2 classes each day and not being able to change them no matter how you do in the class or whether there is an emergency and you have to scratch the class.

Daily High Points
It currently states: High point awards compiled from the member's best show day. Points will be tallied from showmanship
and all other qualifying classes ridden that day for all disciplines.
For clarity this needs to say: Daily High Point Awards are given at both County Shows in Performance, Dressage/Jumping,
Driving, Small Equine, and Western Games. Showmanship will be included in the calculation of high points but will also be
used as the tie breaker if need be.
This change makes what we award clearer because it is defining how we award daily high point.

4. What page #, paragraph, section, etc., is the policy on or should be on? Page 23
5. What is the topic of this policy? State Jackets and State financial support
6. What is the exact policy wording you are proposing?

State Jackets (currently written, amendment proposal)
One lifetime state jacket will be given to Senior and Intermediate youth members the first year they qualify and attend State Fair or a State level competition in a horse riding/driving or in an equine educational contest. If an additional jacket is requested, it will be the responsibility of the exhibitor's family to purchase.
ADD: Each subsequent year that a 4-H youth qualifies for State Fair or a State level competition in a horse riding/driving or in an equine educational contest they will receive a patch for their qualifying event that can be sewn onto their one lifetime state jacket.
ADD State Jackets shall be funded from Horse Certificate payments, late registration fees from 4-H horse and educational events, and funds raised from the annual Tack Swap event.

State contests financial support to eligible 4-H Youths
To assist with the high cost of travel, Spokane County 4-H Horse Project allocates funding through its approved budget to support youth to attend state fair for horse events and state level equine educational contests.
$150 will be awarded to youth in horse events.
$100 will be awarded to youth in equine educational contests.

2. State Hippology contests: intermediate & seniors, team of four
State Horse Judging contests: Jr, Int, Senior, individual/team. Max of 10 per age group.
State Horse Bowl contests: intermediate & seniors team of four
WA State Equine Presentation Contest: Seniors only
State Groom Squad Contest: Seniors only
General Presentation contest
Youth participating in multiple horse disciplines can collect supporting funds for each discipline. Some sections could be grouped together such as Dressage/Performance section and small equine/harness section- youth will only receive one allocation of funds for that section. Funds will be available prior to departing for the WA State competition.

7. Why is this policy important to change/amend or add to the manual?
This policy is important because these steps specifies:
A. that most of these policies are currently executed for Spokane Co. 4-H youths, but only some of them are officially written, or are only partially written, in the Spokane Co. Supplemental Guide. This proposal encourages these policies to be added to the supplemental.
B. which level of 4-H youth are eligible to earn a state jacket or patch: Senior and Intermediate youth.
B. what "award" each eligible state competitor earns for their dedication, practice, and placing in equine riding and educational competitions: a jacket for their first year at state and a patch for each subsequent state qualifying event

C. who awards the efforts of the state-bound youth: Sp. Co. 4-H Horse Project committee
D. how the state jackets are funded
E. which 4-H levels are eligible for specific events.

State fair points
The rule book currently states: Performance, Western Games, Driving, Jumping/Dressage points are calculated for State Fair as they are for year-end high points except: a blue ribbon in Showmanship with that project animal is given priority over a red ribbon in Showmanship. White ribbons in Showmanship do not qualify for State Fair. Only one Danish Showmanship ribbon (with qualifying project animal) in said color is necessary. A list of State Fair Qualifiers specifying the horse & rider pair or pairs that have qualified for competition at State Fair will be posted on the 4-H Web site.

Needs to state: Performance, Western Games, Driving, Small Equine, and Dressage points are calculated for State Fair as they are for all points except: a blue ribbon in Showmanship with that project animal is given priority over a red ribbon in Showmanship. White ribbons in Showmanship and all other classes do not qualify for State Fair. Only one Danish Showmanship ribbon (with qualifying project animal) with a blue or red color is necessary. 6. What is the exact policy wording you are proposing?

AMEND Section 1: The Horse Project Committee shall meet at least eight (8) times a year with one (1) meeting required in October to elect officers, one (1) meeting in November to vote and approve the annual budget for the current 4-H year and to propose policy changes or amendments, and one (1) meeting in December to vote on the proposed policy changes for the current 4-H year.

ADD Section 1a. Policy proposals will be due the 2nd Tuesday of November to the 4-H Extension office. This will allow one month for horse club leaders to receive a copy of the proposals from the 4-H Extension office to share them with their club during their own Sept. business meeting, if applicable.

ADD Section 3. A monthly meeting scheduled for the 2nd Tuesday of each month (except in September) at 7:00 pm at the WSU Spokane County Extension Office or hybrid via Zoom. It is held to allow sub-committees to report to the Horse Project committee, for members to discuss county-wide and club level activities, to vote and approve motions, and to inform Volunteers of upcoming events.

ADD Section 3a. The Horse Project Executive Officers shall meet 30-60 minutes prior to the general Horse Project committee meetings
ADD Section 3b. The Executive Officers shall consist of the president, vice-president, secretary, both treasurers, points keeper, and horse certifier.

ADD Section 4. All 4-H Horse clubs in Spokane Co. must have one representative attending the general monthly Horse Project committee meetings. This could include club Leaders, Project Leaders, Parent Volunteers, or Senior level youth members. Any and all enrolled 4-H volunteers and/or youth members are welcome to attend as voting or non-voting members of the county 4-H Horse Project committee.

7. Why is this policy important to change/amend or add to the manual?
This proposal:
allows the weight of “heavy” agenda items to be covered over a three (3) month period, and subsequently lightens the load of the current December meeting agenda.
will assist in keeping the Oct., Nov., & Dec. meetings under 2 hours, as currently stated in Article IV, Section 2., p. 24 of the supplemental policy
Specifies that the meetings are in-person and virtual
assists in allowing most of the 2 hour block of time to dedicate to one “heavy” agenda item without the need to rush through discussions and voting on policy changes or the annual budget.
moves the voting of the budget to the November meeting. 
I does not interfere with elections of new officers in October since the current officers continue their duties until Nov. 1. 
specifies which officers are considered Executive Officers. 
Welcomes any and all enrolled 4-H participants throughout Spokane Co. allowing for an open meeting format. 
Encourages each 4-H Horse project club in the county to send a member of their club to the monthly committee meetings to 
be 1st informed of county-wide horse activities and events.

7. Why is this policy important to change/amend or add to the manual?
   A pool of seven (7) people are better than one or two in discussing, considering, and nominating an appropriate person to fill the vacancy, especially if there are known stipulations of who is eligible to be nominated. This task should not rest upon one or two people when there is an entire county of volunteers to consider.
