Buckwheat & crimson and red clover cover crops

Join WSU Clark County Extension at the 78th St. Heritage Farm for the 2nd in a series of demos and discussion events focused on cover crops and soil health topics.

This event is focused on using buckwheat, crimson clover, and red clover cover crops with demonstration plots of buckwheat with clovers undersown. Justin O'Dea, WSU's Extension Regional Agriculture Specialist for southwest WA will be the speaker for this event.

PROGRAM FEATURES:

- Potential benefits and pitfalls of using buckwheat and clover cover crops
- Considerations for successful buckwheat and clover cover crop management with a focus on midsummer plantings
- General discussion on midsummer cover cropping
- Demonstration plot and equipment viewing
- Time for open discussion on cover crops & soil health with other attendees and the speaker
- Opportunity for networking
- Refreshments and snacks
