RESEARCH EXPERIENCE

2016-2018 **Lab Director, Complex Social Interactions Lab**

Projects

- Analysis of recorded interactions within the public safety and security community.
 - *Description* – Development and use of analytics (audio, video, and biometrics) and machine learning, to develop early warning systems, conduct post-event analysis, and incident flagging for a range of public safety and security stakeholders.
 - *Responsibilities* – As Principal Investigator responsible for the overall development of projects, creation of project deliverables, developing and maintaining client relationships, technology partnerships, and instrument development and validation for research project.
 - Current projects include: Post-Event Analysis of Use of Force, Presence of Procedural Justice in Police Encounters, Emotion and Decision Making, Contextualizing When Verbal De-escalation Fails, and Evaluating Training Efficacy.

2013-2018 **Research Faculty, Washington State Institute for Criminal Justice (WSICJ): Division of Policing and Security**

Projects

- Longitudinal Analysis of the Designated Examiner Process
 - *Description* – Statewide Analysis of the Designated Examiner Process.
 - *Responsibilities* – Using time series and multi-level modeling, analyzed civil commitment requests as made by police officers throughout the state of Idaho.
- Idaho Region II Mental Health Needs Assessment
 - *Description* – Service provider and client needs assessment focusing on mental health including a Stress and Burnout assessment of clinicians.
 - *Responsibilities* – Developed, coordinated, and managed the distribution of a needs assessment within Region 2 of Idaho. Stakeholders include the Region II Behavioral Health Board, Region II - Adult Mental Health Department, Lewis-Clark State College, and the Latah Mental Health Alliance.
- Crime Analysis
 - *Description* – Aggravated and Simple Assault incident analysis within a designated hotspot.
 - *Responsibilities* – Coded and Analyzed incident reports and case files for aggravated and simple assault across a 10-year period.
