By federal law meat processors must identify the origin of animals entering the food supply; state law requires animal disease traceability made possible through the transfer of health records from one owner to the next. Without this record turned in you will not be able to sell your animal at the Kittitas County Junior Livestock Sale. These forms are available from your 4-H leaders, FFA advisors, or the WSU Kittitas County Extension web site at <http://www.kittitas.wsu.edu>.

**Each member weighing an animal at steer, lamb, goat, and swine weigh-in are required to have a COPY of the up-to-date animal Producer/Breeder Affidavit & Market Animal Health Record with the original Producer/Breeder affidavit SIGNED and TURNED IN at the time of Weigh-In.**

Sheep project members and parents should enter at the 5<sup>th</sup> Avenue gate, unload and park their pickups and trailers north of the livestock barns, south & west of Umtanum & Teanaway Hall or the Maintenance parking lot south of Bloom Pavilion.

## **LAMB TAIL DOCKING POLICY**

All Market Lambs are required to exhibit appropriate tail docking. Appropriate tail docking practice is to remove the tail at the distal termination of the caudal fold. Docking should be performed within two weeks of birth for optimum animal health and the tail must be healed at the time of the Sheep Pre-Show.

Docking is done to aid in animal health. A long tail tends to accumulate soft feces and attract parasites. When properly docked, the caudal folds (beneath the tail) direct fecal material away from the body to maintain hygiene. In this way, the tail prevents fly strike on the sensitive tissues of the hindquarters (can result in fatality) and provides physical protection of the anal and vulvar area. A tail that is too long results in fecal accumulation, a tail too short significantly increases the risk of dangerous rectal prolapse since nerves and muscle attachments can be severed.

Exhibitors should ask breeders if they appropriately dock their market lambs. In any case, market lambs tails will not be measured at either the Sheep Pre-Show or at the Kittitas County Fair.

The Kittitas County 4-H Livestock Committee is committed to eliminating the incidence of scrapie in Washington State, therefore, **all 4-H and FFA market lambs entered in the Kittitas County Fair must have an approved Scrapie flock tag. Scrapie flock tags for individual breeding sheep for sale are required by law.** Clubs may apply for a scrapie flock number. Kittitas County is encouraging enforcement of this law by breeders through this policy.

## **GOAT PROJECT INFORMATION**

### **GOAT PRE-SHOW**

In order to sell a market goat at the Kittitas County Fair, 4-H and FFA members **are required to weigh and ear tag a meat goat (limit of two per member) and turn in a COPY of the meat goats SIGNED original Producer/Breeder Affidavit & Market Goat Health Record** at the Meat Goat Weigh-In on **Saturday, June 15 from 8:15 a.m. to 9:00 a.m.** at the Kittitas County Fairgrounds. Meat Goat project members are to participate in the educational workshops and Showmanship classes. This pre-show will provide an opportunity for exhibitors to learn how to properly show their animals and practice showmanship. Market Meat Goats must have an **average daily gain from Goat Pre-Show to Fair of .25 a day.** They must also weigh a **minimum of 70 pounds.**

### **NON MARKET GOATS**

Non market goats – Dairy, Novelty, Pygmy, and Utility projects are required to attend the Goat Clinic on June 15. Members are required to bring one animal representing each project area they will have at Fair. This is a good opportunity to prepare your animal for Fitting and Showing this fall and to ask questions you might have.

### LIVESTOCK JUDGING CONTESTS

The Beef Judging Contest at the Kittitas County Beef Clinic on March 23 is the first of three livestock judging contests that will be held prior to the Kittitas County Fair. The third will be the Sheep and Goat Judging Contest at the Sheep and Goat Pre-Show on June 15. **All beef, goat, sheep and swine project members MUST judge at the Kittitas County Fair 4-H or FFA Judging Contest.** Because members judge all species at the Fair, it is important that they be encouraged to participate in all judging opportunities prior to fair. Members should be familiar with how to use the judging card and beef, sheep, swine, and goat body parts appropriate for each pre-show/clinic contest. Practice judging cards and livestock parts and the key are available at the Extension Office or online [www.kittitas.wsu.edu](http://www.kittitas.wsu.edu). There will also be oral reasons given at all the judging contests. Publication EM4789 "Teaching 4-H Oral Reasons" may be picked up at the Extension Office to learn more about oral reasons.

### LIVESTOCK STATE FAIR JUDGING TEAM

Youth interested in participating on the State Fair Livestock Judging team need to plan on participating at the Beef Clinic, Swine Clinic or Sheep & Goat Pre-Show Judging Contests. The top 3 blue placing exhibitors at the Beef Clinic and Swine Clinic Judging Contests and the top 4 blue placing exhibitors at the Sheep & Goat Judging Contest in the intermediate and senior 4-H divisions will automatically qualify to participate on the Kittitas County State 4-H Livestock Judging team. If there is not a complete team from the top qualifiers then the next top placing blue ribbon judging scores from the clinic's and pre-show will be invited to participate on the Kittitas County State 4-H Livestock Judging Team. This team will be eligible to judge at the State 4-H Fair in Puyallup. Breaking ties for qualifying for the judging team will be determined by the highest oral reasons score, followed by highest parts score. Kittitas County 4-H Livestock may send up to 10 intermediates and 10 seniors in the Livestock Judging contest at the Washington State 4-H Fair.

### DRESS CODE FOR SHOWING LIVESTOCK AND SALE
