This year each club will make a simple board covering requirements so we can display it during fair. This will not only help others, but it will also help our program by showing those who walk through our pavilion what it is we do during the year. Thus possibly helping raise participation from new members!

I apologize, I was unable to get them completed this month. It is my goal to complete them in March and get them all to you as soon as I complete each Clubs Board.

* Help at fair - During the year. Anyone Interested in a job??

HELP!!!

We have 2 main fundraisers this year. I am hoping EACH of you will be available to help at at least ONE, for one day. Without these fundraisers we struggle to obtain what we need/want.

March 19 and 20th we will be helping the fringe motorcycle club while completing our main fundraiser for fair awards. We need 11 people each day.

We meet @ 6am @ the state park (on westshore drive) in attempt to car pool / give rides as much as we can. We will be at the event for the day. You will need to pack a lunch. Where boots/tennis shoes and pants, as you will be punching "poker" cards for those on motorcycles or ATV's. When we leave, we will call those who need to come back to pick up at the state park. This will be about 4 pm.

On June 11/12th we will be hosting a Barrel Racing Clinic in Coulee City to help Raise Funds for our new Timers!

A flyer will be posted soon with further details. **Discussed Cost**

Participation is limited, audits are not.
